Weigela, Bristol Ruby

Colorful Flowering Shrubs

Our collection of flowering shrubs is one of the most extensive for our great plains region. With this fine collection of shrubs to select from, the home-owner has an opportunity to increase the attractiveness of his grounds at very reasonable cost.

See pages 3, 4, and 5 for complete descriptions and prices. See pages 55 and 56 for additional pictures and specials.

Red Barberry

Pink Grootendorst Rose

Below: Beautybush

Kansas Landscape and Nursery Co's Hardy Flowering Shrubs

BEAUTY BUSH—(pictured on opposite page). This fast-growing shrub is completely covered with lovely pink flowers in May. Gracefully arching branches. Very hardy. Grows 4 to 6 feet high. POSTPAID.

12 to 18 inches \$1.20 each; 3 for \$3.30 18 to 24 inches 1.55 each; 3 for 4.50 2 to 3 feet 1.85 each; 3 for 5.40

PINK FLOWERING ALMOND—(Pictured on opposite page). These fine shrubs bloom early, in May, right after Forsythia. The dainty rosette-like flowers are very double, pastel pink and completely cover the entire plant from top to bottom. Makes a rounded, compact bush 3 to 4 feet tall. Excellent for foundation plantings. POSTPAID.

18 to 24 inches \$1.40 each; 3 for \$4.05 HYDRANGEA, NIKKO BLUE—(Pictured on opposite page). This is the most beautiful of all the hardy Hydrangeas. In acid soil the flowers are blue; in neutral or alkaline soil they turn pink. To make your soil acid, water every 2 or 3 weeks with aluminum sulphate at the rate of 2 tablespoons to the gallon. (We offer aluminum sulphate on page 49). Winter protection is necessary in northern states. Grows in full or partial shade.

18 to 24 inches \$2.60 each; 3 for \$7.65

HYDRANGEA, P. G.—Blooms with cone-shaped, snowball-like flowers during the summer. Tolerates full and partial shade; does well on the north side of buildings. POSTPAID.

18 to 24 in. \$1.55 each; 3 for \$4.50

HYDRANGEA, A. G. (Pictured to the left.) Also known as Hills of Snow. Bears round snowball-like flowers in the summer. Also must be planted where it can be protected from the hot sun. POSTPAID.

18 to 24 in. . . \$1.55 each; 3 for \$4.50

BARBERRY, GREEN—Popular low-growing shrub, well branched, dense and compact. The bright green foliage turns a beautiful bronzy-purple-red in the fall. Has red berries that hang on until spring. Very hardy, very easy to grow and rust-resistant. POSTPAID.

12 to 15 inches \$.80 each; 3 for \$2.25 15 to 18 inches .90 each; 3 for 2.55

BARBERRY, RED—(Pictured on opposite page). This is one of the most brilliantly colored shrubs in cultivation. Lustrous purple-red foliage, brightening in the summer and turning orangescarlet in the winter. Otherwise similar in growth habit to Green Barberry. Very hardy and rust-resistant. POSTPAID.

12 to 15 inches \$1.10 each; 3 for \$3.15 15 to 18 inches 1.40 each; 3 for 4.05

WEIGELA, BRISTOL RUBY-(Pictured on opposite page). The natural shape of this shrub is dense and round. Rich, ruby-red blooms, heaviest in June—scattered in summer—usually good again in the fall. POSTPAID.

18 to 24 inches \$1.85 each; 3 for \$5.40 2 to 3 feet 2.50 each; 3 for \$7.20

TAMARIX HISPIDA—(See the picture on opposite page). A newer variety of Tamarix with feathery, bright pink flowers that appear in the summer and bloom until early fall. The dense foliage is feathery and silvery blue. Used as a background or an accent shrub in the shrub border. Very valuable in landscape work and extremely hardy. POSTPAID.

2 to 3 feet. \$.95 each: 3 for \$2.70 3 to 4 feet. \$.110 each; 3 for 3.00 ROTHOMAGENSIS LILAC—(Pictured on the opposite page). The wonderful Chinese or Persian Lilac that often blooms the first year after planting, Extremely hardy and grows more rapidly than other types of lilacs. POSTPAID.

18 to 24 inches \$1.40 each; 3 for \$4.05 2 to 3 feet 1.70 each; 3 for 4.95

FRENCH LILACS—(Pictured to the right.) These lilacs have rich deep green leathery foliage with large waxy blossoms. Very fragrant.

Chas X-Large panicles of deep wine red.

Lucie Baltet—A beautiful clear pink.

Mme. Casimir Perier — Free flowering, rich creamy white. Very double.

Pres. Grevy—Clear, soft blue. Immense panicles. Double.

18-24 inches \$1.85 each; 3 for \$5.40

One each of all four for \$7.00. All Postpaid.

OLD FASHIONED PURPLE LILAC—The old-fashioned favorite bearing rich, waxy lilac blooms in the spring. Very fragrant. One of the hardiest shrubs for this region. POSTPAID.

12 to 18 inches \$1.10 each; 3 for \$3.15 18 to 24 inches 1.25 each; 3 for 3.60

Extra Hardy SHRUB ROSES

F. J. GROOTENDORST—An improved variety having large, fringed, cherry-red flowers borne on a fine, large, well-foliaged shrub. Particularly valuable for hedges and borders where winters and summers are extremely severe.

PINK GROOTENDORST—(Pictured on opposite page).

A Rugosa rose that is excellent for hedges and borders.
Flowers are bright pink and bloom in large clusters. Everblooming and very hardy.

HUGONIS—A magnificent rose for the shrub border with delicate yellow, single flowers produced in profusion on long, arching branches in early May. After blooming, it remains an attractive shrub for the balance of the season. Extremely hardy.

PRICE: \$1.55 EACH; ANY 3 FOR \$4.50. POSTPAID

DOGWOOD, REDTWIG- (Pictured on opposite page). Creamy white flowers in the spring. Its red branches make it attractive in winter. A hardy background shrub. Grows 4 to 6 feet tall. POSTPAID.

12 to 18 inches \$.95 each; 3 for \$2.70 18 to 24 inches 1.40 each; 3 for 4.05

ROSE ACACIA—An extremely hardy shrub with a moderately tall and spreading habit of growth. In April and May, it is covered with drooping clusters of flowers of a beautiful rosypink. POSTPAID.

18 to 24 inches \$1.25 each; 3 for \$3.60 2 to 3 feet 1.55 each; 3 for 4.50 3 to 4 feet 2.00 each; 3 for 5.85

TAMARIX, AFRICANA—Old-fashioned, extremely hardy, tall-growing shrub with fine, feathery, dark green foliage. Graceful branching habit. Blooms with pink flowers early in the spring. POSTPAID.

2 to 3 feet ... \$.95 each; 3 for \$2.70 3 to 4 feet ... 1.10 each; 3 for 3.00

COLORFUL FLOWERING SHRUBS

VITEX—An extremely hardy shrub slightly resembling Butterfly Bush but has much more attractive foliage. Blooms all through the summer with spikes of beautiful lilac-blue flowers with a delightful spicy fragrance. Easy to grow and thrives in hot, dry locations. Grows 4 to 5 feet high. POSTPAID. .\$1.00; 3 for \$2.70

ROSE OF SHARON

(SHRUB ALTHEA) SEE COLORED PICTURES ON PAGE 55

A very upright growing shrub, fine for accent in shrub masses and ideal for foundation plantings. One of the very few shrubs that blooms freely in the late summer and fall. We grow the following five varieties:

ANEMONAEFLORUS-Bright pink, double.

ARDENS-Deep violet, double.

BANNER-White with a red center, double.

LUCY-Deep red, double.

MARTHA JANE-Soft, glowing pink with rich velvety maroon-red markings near the center. Attractive sulphuryellow cone of stamens and pistil in the center, combines the whole into the simple beauty of a large single flower.

Prices on ANY of the above varieties. Postpaid. 18 to 24 inches \$1.10 each; 3 for \$3.00 2 to 3 feet. 1.25 each; 3 for 3.45

MENTOR BARBERRY—(See page 16 for balled and burlapped specimens and picture). A very rugged, strong, upright-growing shrub with thick, heavy, dark-green leaves. It will grow anywhere, even in the hottest, driest places. Dense and compact, it requires little trimming. About 3 feet. POSTPAID.

\$2.15 each; 3 for \$6.30 2.45 each; 3 for 7.20 18 to 24 inches . . 24 to 30 inches . . .

COTONEASTER acutifolia (Peking Cotoneaster) - A very attractive shrub with glossy, rather small, dark green leaves; slender, graceful branches. Produces black fruit in the fall. Very hardy and adapted to the great plains region. POSTPAID.

18 to 24 inches \$1.10 each; 3 for \$3.15 1.55 each; 3 for 4.50 2 to 3 feet ...

WHITE KERRIA-Also called Jetbead. Bears white flowers resembling Mockorange blossoms in the spring and off and on during the summer. Black, bead-like fruit hangs on all winter. Grows about 4 to 5 feet high. A fine shrub for the north side of buildings. POSTPAID.

18 to 24 inches 1.70 each; 3 for 4.95 FRAGRANT SUMAC-Very hardy and desirable for the great plains region. This bushy shrub produces aromatic foliage that turns magnificent colors in the fall. Bears attractive, bright red

fruit in July and August. Grows about 6 feet high. POSTPAID. 12 to 18 inches \$1.25 each; 3 for \$3.60 1.55 each; 3 for 4.50 1.85 each; 3 for 6.40

2 to 3 feet BUTTONBUSH-(See picture

to the left). An extremely hardy shrub bearing novel round, feathery, creamy white flowers from July to September. Grows 4 to 5 feet tall and has beautiful deep green foliage so glossy it appears varnished. POSTPAID.

12 to 18 inches. \$1.10 each; 3 for \$3.15 18 to 24 inches. \$1.70 each; 3 for \$4.95 2 to 3 feet.

\$2.00 each; 3 for \$5.85

(SUMMER LILAC)

Very fragrant and beautiful. Hardy and easy to grow. For best results, these shrubs should be cut back to the ground each spring. We have found the following three outstanding varieties hardiest for this region. PRICES: Any of the three varieties below for \$1.10 each; any three for \$3.15. POSTPAID.

CHARMING-Long sprays covered with lavender-pink blooms. Has exceptional value for cutting and house decoration. Extra hardy variety.

IMPERIAL PURPLE-Extra large lilac-like blooms. Rich, deep violet-blue.

ROYAL RED-(Patent No. 556). A new variety producing an abundance of fully round sprays from July until frost. Color is a rich royal purple with brilliant red overtones. Excellent for cutting.

1 EACH OF THE THREE BUTTERFLY BUSH PLUS ONE VITEX ALL FOUR SHRUBS FOR \$3.25. POSTPAID

FORSYTHIA, LYNWOOD GOLD-This deep yellow variety was originated in Ireland. The branches are erect and literally smothered with large, full, individual golden blooms. Presents an outstanding display in any weather. POSTPAID.

18	to	24	inches	 \$1.55	each;	3	for	\$4.50
2	to	3	feet	 1.85	each;	3	for	5.40
			feet					

FORSYTHIA SPECTABILIS, (Showy Forsythia)—The first shrub to bloom early in the Spring. Its golden-yellow flowers completely cover its light green branches. Grows 6 to 8 feet tall in sun or partial shade. Grows in any soil. Hardy and easy to

18	to	24	inches	 							 \$1.40	each;	3	for	\$4.05
			feet												
3	to	4	feet	 				à			 2.15	each;	3	for	6.30

Forsythia, Spring Glory (Pictured on page 55). The first shrub to bloom in early spring. Far superior to the old fashioned sorts and is much more showy. It blooms young and its brilliant and large, pale yellow flowers completely cover the branches, making a cheerful display in the early spring. Hardy and easy to grow. Does well in ordinary soil, POSTPAID.

18 to 24 inches \$1.40 each; 3 for \$4.05

2 to 3 feet \$1.70 each; 3 for 4.95

3 to 4 feet. 2.15 each; 3 for 6.30

Flowering Quince

(See picture on page 55). Also called Japonica or Burning Bush. Bright, showy. fiery red blossoms. Blooms very early in the spring. Makes an excellent combination with Forsythia. POSTPAID.

12	to 18	inches			.95	each; 3	for	\$2.70
SEE	PICT	URES	AND	SPECIAL	OFF	ER O	N PA	GE 55

FLOWERING QUINCE, UPRIGHT-Same beautiful blooming habit as the regular flowering quince. Where regular flowering quince has a round habit of growth, the upright kind has an ascending branching habit, making it extremely valuable for a natural accent in foundation plantings, and better for the taller border or screen for your yard. POSTPAID.

18 to 24 inches \$1.15 each; 3 for \$3.30 2 to 3 feet 1.45 each; 3 for 4.20

adapted to the great plains region

HIBISCUS—(Pictured at the left). Extremely hardy herbaceous shrub bearing huge showy flowers usually about 6 inches across. Very desirable in this section because they will grow in hot, dry locations and bloom in July, August and September when other flowers are extremely scarce. MIXED HYBRIDS: 65c each; 3 for \$1.75; 10 for \$5.00. POSTPAID.

CLAVEY'S DWARF COMPACT HONEYSUCKLE—Here's just what you have been looking for! A new truly dwarf shrub for landscaping contemporary homes. Foliage is similar to Tatarian honeysuckle, but finer texture. Very bushy and compact globe shape without shearing or trimming. Yellow flowers followed by red berries. POSTPAID.

18 to 24 inches ...

\$1.55 each; 3 for \$4.50

FRAGRANT HONEYSUCKLE (Winter Honeysuckle)— This is the first of the Honeysuckles to bloom, the creamy white flowers coming in March before the leaves. The foliage is retained nearly all winter, making this shrub almost evergreen. POST-PAID.

18 to 24 inches \$1.25 each; 3 for \$3.60 2 to 3 feet 1.55 each; 3 for 4.50

MORROW HONEYSUCKLE—A very hardy shrub that grows slightly larger than Pink Tatarian Honeysuckle. Attractive white flowers in the spring are followed by red berries. POSTPAID.

2 to 3 feet \$1.55 each; 3 for \$4.50 3 to 4 feet 2.00 each; 3 for 5.85

PINK TATARIAN HONEY-SUCKLE—(Pictured to the left). A very valuable shrub for the border of lots, for screening undesirable views, or for background. Fragrant rosy-pink blossoms in the spring followed by brilliant red berries in the summer. POSTPAID. 18 to 24 in. \$1.25 each; 3 for \$3.60 2 to 3 ft. 1.55 each; 3 for 4.50 3 to 4 ft. 1.85 each; 3 for 5.40

MOCKORANGE, Coronarius—Single, fragrant. The old-fashioned sweet Mockorange or Syringa of grand-mother's garden. Blooms with white, very fragrant flowers in June. POSTPAID. 18 to 24 inches \$1.25 each; 3 for \$3.60

2 to 3 feet 1.55 each; 3 for 4.50 MOCKORANGE, Virginal—The prized semi-double, pure white Mockorange. Flowers are similar to orange blossoms. Blooms nearly all summer. POSTPAID.

18 to 24 inches \$1.40 each; 3 for \$4.05 2 to 3 feet \$1.70 each; 3 for 4.95

PRIVET HEDGES-See Hedges, page 6 and 7.

REGELS PRIVET—An excellent foliage shrub with graceful arching branches and attractive foliage. Clusters of white flowers in the spring. Excellent for foundation plantings, shrub borders or backgrounds. POSTPAID.

18 to 24 inches \$1.25 each; 3 for \$3.60 2 to 3 feet 1.55 each; 3 for 4.50

PUSSYWILLOW—(See picture at the left). An excellent, tall-growing background shrub from which you can cut winter bouquets of lovely "catkins." POSTPAID.

18 to 24 inches \$.80 each; 3 for \$2.25 2 to 3 feet \$1.10 each; 3 for \$3.15 3 to 4 feet \$1.55 each; 3 for \$4.50 NANKING CHERRY (Prunus Tomentosa)—One of the most outstanding shrub-form cherries. At the end of April each joint blooms with a flower, pink in the bud, but white when open with red under-petals. The decorative fruit, which can be used for garden or indoor display, is red and edible. Very attractive foliage. Very hardy and grows about 5 feet tall. POSTPAID.

18 to 24 inches \$1.55 each; 3 for \$4.50 2 to 3 feet 1.85 each; 3 for 5.40

SNOWBALL—(Pictured at the right.) The grand old-fashioned favorite of the spring-flowering shrubs and one of the finest large shrubs for lawn or shrub border planting. Blooms with hundreds of pure-white flowers in late spring or early summer. A really magnificent shrub when in full bloom. Does not produce fruits or seeds. Very hardy and easy to grow. Thrives in full sun or partial shade. Grows 8 to 10 feet high. POSTPAID.

18 to 24 in. \$1.55 each; 3 for \$4.50

RED FLOWERING SPIREA (froebeli)—For compactness and foliage clear to the ground, this low-growing shrub can hardly be equaled. Blooms with flat clusters of rosy-red flowers in May and June and intermittently throughout the summer. Very hardy. Grows about 2 feet tall. POSTPAID.

12 to 18 inches \$1.10 each; 3 for \$3.15 18 to 24 inches 1.25 each; 3 for 3.60

SPIREA VAN HOUTTE

THE ALL-PURPOSE SHRUB—Pictured on page 6. This is deservingly America's most popular shrub. It will grow in the sun or shade, on any side of the house as well as in the open. Thrives in any soil. Excellent for hedges, too (see page 6 and 7)

Chinese Elm Hedges

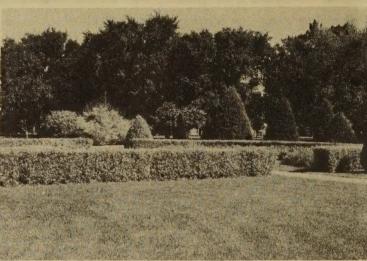

The adaptability of CHI-NESE ELMS for clipped hedges, windbreaks, screens, etc., is unquestioned. For clipped hedges 3 feet or under, plant seedlings 6 inches apart. For taller hedges plant 9 to 12 inches apart. For tall windbreaks plant 3 to 6 feet apart, depending on the height and density desired.

We grade our seedlings, putting the more branched and best

adapted to this purpose in the hedge grade. When ordering Chinese Elms for hedges or windbreaks, be sure to say you want the HEDGE GRADE. PRICES ARE POSTPAID.

HARDY HEDGES

Above: Trimmed or sheared hedge of Spirea van houtte

Hansen's Bush Cherry

This very hardy shrub is nearly the ideal plant for natural hedges. It is unusually hardy and easy to grow under nearly any condition. Its foliage has an unusual bluish-green tinge. Its habit of growth is compact and graceful and it never gets too large, eliminating the necessity of constant trimming. In the fall, the foliage turns to brilliant purples and crimsons. Its flowers in the spring are followed by large black fruits, good for preserves.

Usually this shrub is featured for its fruit bearing qualities, thus its ornamental value for specimen shrubs and hedges is often overlooked. Even if it bore no fruit at all, it would be worthy a place in every home planting. PRICES ARE POSTPAID.

WINTERBERRY

Euonymus Patens MAKES A BEAUTIFUL THICK HEDGE THAT KEEPS ITS LEAVES ALL WINTER

MAKES EXCELLENT HEDGES

Euonymus patens (Winterberry), when planted 6 inches apart and kept sheared or boxed, forms a most beautiful low hedge that keeps its leaves all winter long. It is a vigorous plant that grows into a thick, dark green, attractive hedge. It may be planted farther apart for larger hedges. Dense hedges up to 3 to 5 feet are easily possible. It may be left to grow naturally if desired. The photograph to the left, taken at the Nelson Art Gallery in Kansas City, shows an excellent example of the use of Winterberry or Euonymus patens as a low, clipped hedge.

GROWS IN FULL SUN OR SHADE

Very few plants will make a hedge in both full sun and shade. Winterberry does equally well in both situations. It is very hardy and will grow in any soil.

Privet Hedges

AMUR RIVER PRIVET (North)—Also called Hardy Russian Privet. The hardiest and most popular Privet for low, clipped hedges for the great plains region. If you are in doubt as to what kind of hedge to plant, we recommend Amur River Privet very highly. Upright grower, foliage is glossy-green and will not blight or winter-kill. Generally kept sheared from 2 to 4 feet high. Plant 6 to 12 inches apart and 3 to 4 inches deeper than they were in the nursery. PRICES ARE POSTPAID.

[9]

BEANS

IMPROVED GOLDEN WAX—(Pictured above). Plants are small, compact, erect and very prolific. Pods are golden yellow, brittle, fleshy, wax-like and solid. Per packet, 20c

HENDERSON'S DWARF (Baby) LIMA—
(Pictured above). Heavy producer of small, flat green shell beans, right up to frost. Dependable and productive. Per packet, 20c.

KENTUCKY WONDER—Most popular pole bean. Very good quality with long, green, thick, meaty pods. Per packet, 20c.

TOP CROP—Matures in 50 days. Prolific, high quality beans developed by the U. S. D. A. Immune to Bean Mosiac and other common diseases. Per packet, 20c.

WADE GREEN POD—All America trial Gold Medal winner for 1952. Round, deep green pods, 5½ to 6 inches long, slender and straight. Combines top quality with heavy yield. Very hardy and resistant to disease. Fine for canning or freezing. Per packet, 25c.

BEETS

DETROIT DARK RED—Excellent for canning or winter storage. Nearly round, medium size and dark red. Per packet, 15c.

CABBAGE

GOLDEN ACRE—(Pictured above). Yellows resistant, round heads that are crisp and tender. Matures in about 60 days. Per Packet, 10c.

gardening pleasure from

You will note that the vegetable seed varieties listed on these pages are the most successful and easily grown vegetables for the Great Plains Region. All varieties listed have been tested and recommended by agricultural experiment stations in this region.

Orders over \$1.00 are postpaid. Under \$1.00, add 3c per packet for postage.

CARROTS

CHANTENAY—Popular and productive Roots are crisp and tender. Keeps all winter. Per Packet, 10c.

SWEET CORN

GOLDEN BANTAM—Favorite yellow sweet corn. Delicious flavor, tender and sweet.

Small ears. Per packet, 20c.
GOLDEN CROSS BANTAM—Hybrid yellow sweet corn. More productive and even better than the regular Golden Bantam.
Per packet, 25c.

IOCHIEF—(Pictured above). Gold Medal Winner. Ideal for canning and freezing. Narrow kernels, good flavor and tenderness. Excellent under drought conditions. Per packet, 30c.

CUCUMBERS

HYBRID—Produces large, high quality cucumbers for a long period of time; outproduces other varieties. Per packet, 25c. IMPROVED LONG GREEN—The best and most popular all-purpose cucumber for slicing or pickling. Per packet, 15c.

PLASTIC RAYDOMES FOR

PLANT PROTECTION

Made of a durable plastic, Raydomes are ideal to protect early planted vegetable and flower plants from frosts. Raydomes also hasten the germination and growing of flower and vegetable seeds. Can be used season after season. Postpaid.

Per 6 Per 12 No. 745, 7" dia. \$1.80 \$3.25 No. 1065, 10" dia. 3.00 5.75

EGGPLANT

NEW YORK IMPROVED—Early and almost continuous bearing, fruits are satiny smooth, rich purple in color and large. Per packet, 15c.

LETTUCE

NEW YORK NO. 12—A well bred selection of New York for spring and summer. Lighter in color, more desirable for general planting. Per packet, 15c.

GRAND RAPIDS—The best leaf lettuce to sow outside for family use. Produces beautiful, tender, long, curly and wrinkled leaves. Per packet, 10c

SALAD BOWL—All American Gold Medal 1952. Tender and crisp new variety that produces a bushy plant which fills a salad bowl with rich, green leaves. Very hardy and sun resistant. Per packet, 20c.

MUSKMELON

HALE'S BEST No. 36—Very early. Oval fruit. Skin heavily netted. Flesh is very firm, rich orange in color, remarkably sweet and juicy. Per packet, 10c.

WATERMELON

EARLY KANSAS SWEET—One of the finest melons. Large, medium early, tough rind, bright red flesh of excellent flavor. Per packet, 15c.

PARSNIP

HOLLOW CROWN—Roots are creamy white, long and smooth, tender sweet and of excellent flavor. Easily raised and very productive. Per packet, 10c.

PEAS

LITTLE MARVEL—Best and most popular pea for the home garden. High quality and very productive. Excellent for freezing. Per packet, 15c.

WANDO — Here is a wrinkled pea, of excellent quality which thrives and bears through the hottest summer months. Can be sowed every three weeks for a harvest all summer. Excellent for freezing. Postpaid, per packet, 25c.

OUALITY VEGETABLE SEEDS

PEPPER

YOLO WONDER -The leading vegetable novelty for Produces 1953. larger and fancier fruits and heavier yields than Cali-Wonder fornia which heretofore has been our best variety. Resistant to Mosiac disease while Calif. Wonder is susceptible. Per packet, 15c.

RADISH

CHERRY BELLE- Early red radish. Bright scarlet, olive-shaped, crisp and tender. Per packet, 15c.

ICICLE-Most popular white radish. Roots 4 to 5 inches long. Snow white, mild, crisp and tender. Per packet, 10c.

PUMPKIN

SMALL SUGAR—Rich orange flesh, thick, sweet and tine flavor. Fruits weigh about 4 pounds. Makes delicious pies. Per packet, 10c.

SPINACH

BLOOMSDALE LONG STANDING-Thick, rounded, glossy leaves that remain a long time in condition for use without bolting, even in hot, dry weather. Very good for successive sowings. Per packet,

SQUASH

EARLY WHITE BUSH-Also called Patty-Pan. Very early and very productive; matures in 55 days. Per packet, 15c.

TABLE QUEEN (Acorn)—A small squash 4 to 6 inches long by 3 inches in diameter, shaped like an acorn with sides scalloped. Rind is deep green turning to orange when ripening. Early and prolific. Per packet, 15c.

TOMATO

BONNY BEST-An old favorite that produces large, smooth and uniform truit. Yields well until frost. Per packet, 10c.

BREAK O'DAY-A wilt resistant tomato that is nearly as early as Earliana, yet more productive and of better quality. Its fruit is large, smooth, meaty, red and globular. Per packet, 15c.

FIRESTEEL-HEAT RESISTANT variety that has no equal in setting fruit during hot dry weather when other types drop their blossoms. The fruit is of good quality, being large, smooth and red. The vines do not get large, hence they may be planted a little closer together. Usually bears as early as Earliana. One of the best varieties for Kansas. Per packet, 15c.

HYBRID-Fruits are medium to large. Flesh is meaty, scarlet red in color and rich in flavor. Great producer. Per packet,

JUBILEE-A different tomato that should have a place in your garden. A beautiful orange-yellow fruit with a tangarine-orange flesh. It has small seed cavities and a strictly non-acid flavor. A vigorous vine and a heavy producer of high quality fruits, uniform in both size and shape. Excellent salad and canning variety. Per packet, 15c.

RUTGERS-A wilt resistant variety that is one of the heaviest croppers. Meaty with small seed cavity. Deep red and medium to large in size Per packet, 10c.

SIOUX-Another HEAT RESISTANT tomato like Firesteel. Fruits are borne in clusters of two to seven and have been known to have as many as 97 tomatoes on a single vine. The fruits are medium to large, extra smooth, meaty and solid. They are a beautiful bright red color with no green shoulders or spots. This great variety is bound to become popular. Per packet, 15c.

TURNIPS

PURPLE TOP WHITE GLOBE-Most popular variety: Globe-shaped. Sweet, white, tender flesh. Per packet, 10c.

We Recommend ARASAN (Seed Disinfectant) and NITRAGIN (Seed Inoculant) See Page 48

Our Family GARDEN SEED COLLECTION

DESIGNED ESPECIALLY FOR THE HOME GARDEN. You will note that this collection consists of the most essential, successful, and easily grown vegetables for The Great Plains Region. Not a lot of small 5c packets of unnecessary varieties, or varieties that you will want to buy the plants to set out (such as Tomatoes, Cabbages, etc.), but liberal "bulk" quantities of the most essential vegetables. All varieties listed are recommended by Kansas State College. Planting instructions on each packet. POSTPAID.

BURKI CANART

HILLS DUNDEE JUNIPER CHANDLERS SILVER JUNIPER

PATHFINDER JUNIPER

KANSAS SILVER JUNIPER

UPRIGHT GRAFTED **JUNIPERS**

WHY GRAFTED EVERGREENS? When a choice evergreen is developed by selection or breeding, its characteristics, including color, shape, habit of growth and hardiness, can be carried to its offspring by grafting. It is almost impossible to get two seedling Junipers alike because of seedling variation. Grafted evergreens are a little more in cost, but are well worth the difference.

The evergreens listed on this page are large, well-furnished, balled and burlapped specimens; not light, bare-rooted plants. When shipped to you, they are crated or basketed for added protection. Com-

plete instructions for planting and care come with each order.

BURKI JUNIPER—(Virginiana). Pictured above. A perfectly hardy tree for the great plains region. Beautiful, deep silvery blue pyramidal evergreen. Winter color is metallic purple. Balled and burlapped specimens. Not prepaid.

2 to 2½ ft. \$7.50 each; 2 for \$14.50

 $2\frac{1}{2}$ to 3 ft... 9.00 each; 2 for 17.50 to 3½ ft. 10.50 each; 2 for 20.50 $3\frac{1}{2}$ to 4 ft. 12.00 each; 2 for 23.50 4 to $4\frac{1}{2}$ ft. 14.00 each; 2 for 27.50

CANART JUNIPER-(Virginiana). Pictured above. Rich textured foliage of beautiful deep dark green, which does not bronze in the winter. It often bears silvery colored "Juniper Berries" which are a striking contrast to the deep green foli-age. Extremely hardy. Balled and burlapped specimens. Not prepaid.

to 21/2 ft... 7.50 each; 2 for $2\frac{1}{2}$ to 3 ft. 9.00 each; 2 for 17.50 to $3\frac{1}{2}$ ft. 10.50 each; 2 for 20.50 $3\frac{1}{2}$ to 4 ft. 12.00 each; 2 for 23.50 to 4½ ft. 14.00 each; 2 for to 5 ft. 16.00 each; 2 for 27.50 31,50 $4\frac{1}{2}$ to 5 to 51/2 ft. . 18.00 each; 2 for 35.50

CHANDLERS SILVER JUNIPER—(Scopulorum). Pictured above. Beautiful silvery foliage of fine feathery texture. An extremely hardy and outstanding variety. Balled and burlapped specimens. Not prepaid.

18 to 24 in. \$6.00 each; 2 for \$11.50 to 2½ ft... 7.50 each; 2 for 14.50 to 3 ft... 9.00 each; 2 for 17.50 $2\frac{1}{2}$ to 3 to 31/2 ft. 10.50 each; 2 for 20.50 to 4 ft. 12.00 each; 2 for 23.50 to 4½ ft. 14.00 each; 2 for 27.50 $3\frac{1}{2}$ to 4

EXCELSA GREEK JUNIPER-Pictured below. A naturally dwarf evergreen. A broad conical growth form, never needs shearing. Extremely attractive heavy bluish foliage. Balled and burlapped specimens. Not prepaid.

2½ to 3 ft. \$ 7.75 each; 2 for \$15.00 3 to 3½ ft. 9.00 each; 2 for 17.50 3½ to 4 ft. 10.50 each; 2 for 20.50 to 4½ ft... 14.00 each; 2 for 27.50

MOONMIST JUNIPER

EXCELSAJUNIPER

STERLING SILVER JUNIPER

HILLS DUNDEE JUNIPER—(Virginiana). Pictured above. A very compact, symmetrical, pyramidal evergreen with beautiful bluish-green, finely-textured foliage. Winter color is an attractive pur-plish-plum shade. Very hardy. Balled and burlapped specimens. Not prepaid.

to 21/2 ft. \$7.00 each; 2 for \$13.50 to 3 ft. 8.50 each; 2 for 16.50 to 3½ ft. 10.00 each; 2 for 19.50 $2\frac{1}{2}$ to 3 $3\frac{1}{2}$ to 4 ft. 11.50 each; 2 for 22.50 to 4½ ft. 13.00 each; 2 for to 5 ft. 15.00 each; 2 for 25.50 $4\frac{1}{2}$ to 5 29.50 to 51/2 ft. 17.00 each; 2 for 33.50 5½ to 6 ft. 19.00 each; 2 for 37.50 to 6½ ft. 21.00 each; 2 for 41.50 $6\frac{1}{2}$ to 7 ft. 23.00 each; 2 for 45,50 to 71/2 ft. 25.00 each; 2 for 49.50

MISSION JUNIPER—(Scopulorum). A very beautiful and hardy tree with irridescent silver-blue foliage. Quite upright in growth. Balled and burlapped specimens. Not prepaid.

2 to 2½ ft. \$7.50 each; 2 for \$14.50 $2\frac{1}{2}$ to 3 ft. 9.00 each; 2 for 17.50 to $3\frac{1}{2}$ ft. 10.50 each; 2 for 20.50 $3\frac{1}{2}$ to 4 ft. 12.00 each; 2 for 23.50 4 to $4\frac{1}{2}$ ft. 14.00 each; 2 for 27.50

PATHFINDER JUNIPER—(Scopulorum). Pictured above. An outstanding tree by reason of the attractive bluish-silver foliage. Full at the base, limbs curved upwards. Extremely hardy. Balled and burlapped specimens. Not prepaid.

KANSAS SILVER JUNIPER—(Scopulorum). Pictured above. A very compact, upright growing tree with attractive silverblue foliage. Holds its compact, narrow, pyramidal, pointed shape with little or no shearing. A very choice variety. Balled and burlapped specimens. Not prepaid.

to 21/2 ft. \$7.50 each; 2 for \$14.50 to 3 ft. 9.00 each; 2 for 17.50 to 3½ ft. 10.50 each; 2 for 20.50 3½ to 4 ft. 12.00 each; 2 for 23.50 4 to 4½ ft. 14.00 each; 2 for 27.50

MASCULA JUNIPER-(Chinensis). An unusual upright evergreen. The mature foliage is smooth and dark green. The newer growth is more divided and greygreen, giving a silver-starry appearance against a dark green background. Balled and burlapped specimens, not prepaid.

2 to 2½ ft. \$7.50 each; 2 for \$14.50 2½ to 3 ft. 9.00 each; 2 for 17.50 to 3½ ft. 10.50 each, 2 for 20.50 3½ to 4 ft. 12.00 each; 2 for 23.50 4 to 4½ ft. 14.00 each; 2 for 27.50

HILLSPIRE JUNIPER-Rich dark, green color similar to that of the Cannart, but the texture is finer. Holds its green color during the winter. Balled and burlapped specimens. Not prepaid.

2 to 2½ ft. \$7.00 each; 2 for \$13.50 2½ to 3 ft. 8.50 each; 2 for 16.50 3 to 3½ ft. 10.00 each; 2 for 19.50 3½ to 4 ft. 11.50 each; 2 for 22.50

MOONMIST JUNIPER—(Juniperus scorpulorum alba). Pictured to the left. A new silver-blue evergreen. Fine, delicate, misty-blue foliage is closely set around a straight stem. Branches are slightly ascending. The hardy and vigorous tree is more dwarf than most other evergreens. Balled and burlapped specimens, not pre-

to 2½ ft. \$6.00 each; 2 for \$11.50 to 3 ft. 7.50 each; 2 for 14.00 $2\frac{1}{2}$ to 3 to $3\frac{1}{2}$ ft... 9.00 each; 2 for 17.50 $3\frac{1}{2}$ to 4 ft. 10.50 each; 2 for 20.00 4 to $4\frac{1}{2}$ ft. 12.00 each; 2 for 23.00 $4\frac{1}{2}$ to 5 ft. . 14.00 each; 2 for 27.00

RED CEDAR the all-purpose evergreen

The RED CEDAR or VIRGINIANA JUNIPER is one of the most useful and the hardiest of evergreens for the Great Plains Region. It has fine-textured foliage of bright green color which turns reddish-bronze in the winter. We can furnish sheared, balled and burlapped specimens for foundation plantings and for yard and park work. We can also furnish small trees either potted, balled and burlapped for

Specimen Red Cedar

FOR GENERAL LANDSCAPE USE—

RED CEDAR may be kept small or any desired SHAPE or SIZE by shearing, which requires only a few minutes a year. This shearing makes them more dense and compact. Sheared specimens are used extensively as accent points in foundation plantings and landscapes, to frame entrances, etc. BALLED AND BURLAP-PED SPECIMENS, Not Prepaid.

Potted Red Cedar

Plant potted Red Cedars for immediate effect and quick results in your windbreaks, hedges and shelter-belts. These hardy evergreens are planted and growing in removable containers and will suffer no set-back or loss as is to be expected with bare-root trees. Ideal for replacements or to fill in vacant places in a previously planted shelterbelt. Our supply is very limited, order early. STRONG, POTTED TREES, Not Prepaid.

ARBORVITAE

evergreens with the "ironed-out" foliage

Chinese Arborvitae

(Pictured to the left.) Chinese Aborvitae is one of the most adaptable trees to use for foundation planting. They may be sheared into nearly any shape from narrow cones to ovals or globes.
They are extremely hardy and drought resistant. When allowed to grow naturally, they make excellent backgrounds or screens. Balled and burlapped specimens,

2	to	21/2	ft.	\$3.00	Each;	2	for	\$ 5.50

Chinese Arborvitae for Hedges

Chinese Arborvitae makes ideal hedges for year-round beauty. They can be kept clipped or boxed nearly any size from 3 to 10 feet high. Plant bare-root plants 18 inches apart for clipped hedges. For tall screens, backgrounds or windbreaks, plant 3 to 6 feet apart. Plant balled and burlapped plants 2 feet apart for clipped hedges. Bare root plants cannot be planted in the fall.

SMALL 2-YEAR SEEDLINGS (Bare-root or not Balled & Burlapped)

LARGER BALLED & BURLAPPED TREES for IMMEDIATE EFFECT

It usually takes 3 or 4 years to get the small bare-root plants to make a hedge 3 feet high, so for those who do not want to wait so long, we have these larger balled and burlapped trees. By growing them closer together in the row and not shearing them, we are able to offer them at these low prices so that you can afford to plant a hedge that will give you almost immediate effect. These can be planted either spring or fall. Not prepaid.

EUONYMUS PATENS (Winterberry)

This beautiful broadleaved evergreen shrub has deep, green foliage and a compact habit of growth. In addition to its attractive foliage, it bears clusters of flowers in July and is magnificent with its scarlet-red berries when in full fruit in late fall or early winter. We grow three types as listed below. ALSO EXCELLENT FOR HEDGES. SEE PAGE 7.

SMALL LEAF TYPE—Has smaller leaves and is more dwarf and compact. Seldom does much fruiting. Excellent for the north side or shady planting boxes. Extremely hardy. Balled and Burlapped specimens not prepaid.

12 to 18 in. \$3.25 Each; 4 for \$12.00 18 to 24 in. \$4.00 Each; 4 for 15.00

MEDIUM LEAF TYPE—Size of leaves is intermediate between small and large leaf types. Dwarf and compact and fruits profusely. Balled and Burlapped specimens not prepaid.

12 to 18 in. \$3.25 Each; 4 for \$12.00 18 to 24 in. 4.00 Each; 4 for 15.00 24 to 30 in. 4.75 Each; 4 for 18.00 30 to 36 in. 5.75 Each; 4 for 22.00 36 to 42 in. 6.75 Each; 4 for 26.00

LARGE LEAF TYPE—Grows 3 to 4 feet high but can be kept smaller by trimming. Bears flowers and fruits as described above. Balled and Burlapped specimens not prepaid.

36 to 42 in. 6.75 Each; 4 for 26.00 42 to 48 in. 7.75 Each; 4 for 30.00

EUONYMUS COLORATUS

(See picture to the left). ALSO CALLED PURPLE-LEAF WINTERCREEPER. A Broadleaved evergreen vine with ascending branches, 3 to 5 feet in length, with glossy pointed leaves, turning a rich purple in winter. Will grow in sun or shade. Useful for softening down corners of steps or buildings. Makes a good evergreen sprawling ground cover in shady situations. Excellent for planting boxes. Not prepaid.

STRONG NO. 1 POTTED PLANTS

\$1.35 Each; 5 for \$6.50 10 for \$12.50

MAHONIA—OREGON HOLLY GRAPE. (See picture to left). Shiny, large spiny, metallic-looking leaves turning a bronzy red in fall. Clusters of yellow flowers in the spring followed by blue berries. Perfect for south exposures. Dwarf and attractive for foundation planting. Not Prepaid.

BROADLEAVED EVERGREENS

Broadleaved Evergreens are a class of shrubs that retain their leaves throughout the winter. (except in the north). They are ideal to use in the foundation planting of the contemporary house because of their dwarf habit of growth and their pleasing combination with evergreens.

COTONEASTER DIVARICATA

(Pictured to the right). This is an attractive Broadleaved Evergreen Shrub with glossy, small, dark green foliage. It has a very slender, graceful branching habit, and produces brilliant red berries in the late summer or fall. Flowers in the late spring are pink. Not prepaid.

Container Grown Each Per 4
12 to 18 in... \$ 3.25 \$12.00

MENTOR BARBERRY

Since this beautiful shrub holds its foliage nearly all winter, it is often classed with the Broadleaved Evergreens. A very rugged, strong, upright-growing shrub with thick, heavy, dark green leaves. It will grow anywhere, even in the hottest, driest places. Grows dense, compact and from 2 to 3 feet. Requires very little pruning or trimming. Balled and Burlapped specimens not prepaid.

PYRACANTHA (FIRETHORN)

(Pictured above and below). ALSO CALLED FIRETHORN. A broad-leaved Evergreen grown especially for its brilliant orange berries that remain on nearly all winter. It also bears clusters of

white flowers in the spring. Grows about 3 to 4 feet high and can be used in the foundation planting or shrub border.

Attractive foliage that stays on all winter. Berries make attractive bouquets.

Strong plants growing in special removable containers, sure to grow. Not prepaid.

TUBEROSES

For Fragrance

(Pictured on page 17). Tall flower spikes with very fragrant, waxy-white flowers from July to frost. Very fine cut flower as a single spike will perfume a whole room. Often 20 or more flowers on a single plant. Grows in full sun or part shade. Plant the bulbs outdoors after all danger of frost is over and the ground has become warm. POSTPAID. 3 for 75c; 5 for \$1.00.

TUBEROUS BEGONIAS -- see back cover

CANNAS LARGE-FLOWERING DWARF

(Pictured on opposite page). Our bulbs will produce brilliant, large flowers all summer until frost. They are grown right here at Salina and therefore acclimated to our own Great Plains Region. Plant Cannas 18 inches apart each way. A round bed 7 feet across takes 19 bulbs; 1 in center, 6 for first row and 12 for the outside row. POSTPAID.

PRICES: 4 for \$1.00; 10 for \$2.25; 25 for \$5.00; 50 for \$8.25

CITY OF PORTLAND—The leading pink Canna. Large flowers of rich watermelon pink. Green foliage.

PRESIDENT—The leading red variety. Extra large trusses of brilliant glowing scarlet. Green foliage.

RED KING HUMBERT—The greatest Canna ever grown, a king in reality. The heart-shaped leaves are purple-madder over bronze. The plants are crowned with immense heads of velvety orange-scarlet, rose tinted blossoms.

YELLOW KING HUMBERT-Large flowers of golden yellow, heavily flecked with red. Green foliage.

RICHARD WALLACE—Bright canary yellow flowers. Green foliage.

WYOMING—True orchid-flowering variety bearing orange colored flowers. Purple foliage.

GLOXINIA

(Pictured on page 17). These brilliantly colored flowers are easily grown from bulbs by anyone. There is no other house plant that responds so readily to the simplest care and treatment. Their beautiful velvety flowers last for months and make a gorgeous contrast with the handsome leaves. Complete planting instructions with each order. Big 1½ to 2" blooming size bulbs, POSTPAID. MIXED COLORS AND SHADES: 60c Each; 5 for \$2.75; 10 for \$5.00; 25 for \$11.00.

PEACOCK ORCHIDS

(Acidanthera bicolor murielae). (Pictured on page 17). The fabled flower of the Abyssinian Mountains. Waxy white flowers with peacock throats of a mahogany tone. A delicate, orchidlike beauty with the subtle fragrance of Tuberoses. Bloom in the midsummer, grown just like Gladiolus. Blooming size bulbs, POSTPAID. 5 for 70c; 10 for \$1.10; 25 for \$2.25.

TIGRIDIA

AZTEC TIGER FLOWER. (Pictured on page 17). Few flowers can equal the beautiful color of Tigridia. Plant in the full sun. Tigridia are easy to grow, requiring the same care as Gladiolus. Bloom from mid-July to September. MIXED COLORS, POSTPAID. 5 for 70c; 10 for \$1.10; 25 for \$2.25.

fancy - leaved CALADIUM

(Pictured on opposite page). No other plant can equal these for continuous display of colorful foliage from late spring until frost. They are easy to grow in sun, partial and even full shade. Caladium should be dug in the fall before frost and stored like Canna bulbs. They also may be brought indoors for winter display. Plant 4 inches deep after all danger of frost is over, or for an earlier start, they may be potted and kept indoors until all danger of frost is over. MIXED VARIETIES. large No. 1 bulbs, POSTPAID; 50c each; 3 for \$1.35; 10 for \$4.00.

DAHLIAS

See our complete selection of Decorative and Pompon Dahlias pictured, priced and described on page 17.

HARDY PERENNIALS that bloom for weeks

ALYSSUM SAXATILE COMPACTUM (Basket of Gold)-(Pictured on opposite page). An excellent low border or rock garden plant growing about 9 inches high. Almost as soon as the winter is over it becomes a mass of yellow gold. A fine companion to spring bulbs. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

ANTHEMIS KELWAYI-(see picture on opposite page). Delicate yellow flowers with deeply cut, fine foliage. Excellent for cutting. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

- New HARDY ASTERS -

Pictured on opposite page

THE ARCHBISHOP-Mammoth blossom's are produced in great sprays of deep blue-purple. Grows upright, about 3½ feet. Excellent for cutting. 75c each; 4 for \$2.80; 10 for \$6.50. Postpaid.

BEECHWOOD CHALLENGER-Considered the best red of all asters. Forms a well branched bush 3 to 31/2 feet that is completely covered with these entrancing red flowers. September till frost. 65c each; 4 for \$2.40; 10 for

BLUE PLUME—Stately; effective spikes covered with the finest rich blue flowers. Almost double. Very choice, 3 to 31/2 feet tall. 65c each; 4 for \$2.40; 10 for \$5.50. Post-

paid.

JANET McMULLEN-Perhaps the largest flower of any hardy Aster. Soft rose-pink blossoms are massed gracefully along the stems. Grows about 31/2 feet tall. 75c each; 4 for \$2.80; 10 for \$6.50. Postpaid.

EVENTIDE—A masterpiece from England. Striking deep violet-blue, huge and almost full. Trimly erect, free and vigorous. Fine for cutting. 3 ft. 75c each; 4 for \$2.80; 10 for \$6.50. Postpaid.

BABYSBREATH-Valuable perennial, used as "filler" for bou-

quets. We offer the following varieties:
Bristol Fairy—The large double white Babysbreath. 95c each; 4 for \$3.60;
10 for \$8.50. Postpaid.

Pacifica—Starry pink blossoms on branching panicles. Artistic, showy and one of the best. 55c each, 4 for \$2.00; 10 for \$4.50. Postpaid.

Single (Paniculata)—Old fashioned favorite. Fine mist-like flowers. Just the thing to lighten bouquets, especially roses. 45c each; 4 for \$1.60; 10 for \$3.50. Postpaid.

BLEEDING HEART-(See picture on opposite page). The oldfashioned hardy kind of grandmother's garden. Beautiful pink flowers in May. \$1.30 each; 4 for \$5.00; 10 for \$12.00. Post-

HOLLYHOCKS, DOUBLE— (Pictured on opposite page). Tall spikes of lovely double flowers that resemble crepe-paper rosettes. Red, pink and yellow. 55c each; 4 for \$2.00; 10 for \$4.50.

COREOPSIS, MAYFIELD GIANT-(Pictured on opposite page). This variety is more vigorous with larger flowers and longer stems than common Coreopsis. The color is a rich golden yellow. Blooms nearly all summer. Has no equal for cutting or for garden effect. 45c each; 4 for \$1.60; 10 for \$3.50. Postpaid.

- DAISIES -

MARGUERITE (June or Elder) DAISY-Hardy white daisies similar to the Shasta except the flowers are slightly smaller. Always in bloom for Memorial Day. 55c each;

4 for \$2.00; 10 for \$4.50. Postpaid. SHASTA DAISY, Giant Alaska—(See picture on opposite page). Large and popular strain that starts blooming in June and will continue until frost if flowers are kept picked. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

PAINTED DAISES—See Pyrethrum on page 23.

DELPHINIUMS—No perennial garden is complete without Delphiniums. We offer the following two varieties which we have found best suited for this region

Price (either variety):55c each; 4 for \$2.00; 10 for \$4.50.

Postpaid.

Belladonna Improved—Exquisite light or turquoise blue. Two feet. Blooms all summer and fall.

all summer and fall.

Bellamosum Improved—Similar to Belladonna Improved except the flowers are large deep blue, uniform in color and with a white bee.

– COLUMBINE –

McKanna Giant Hybrids—(See picture on opposite page) A new strain of larger flowers, longer spurs and a much richer color range. Excellent for cutting. 65c each, 4 for \$2.40; 10 for \$5.50. Postpaid.

Crimson Star-Superb flowers of rich deep crimson with inner petals of white. Distinctive and striking. Long spurs. 65c each; 4 for \$2.40; 10 for \$5.50. Postpaid.

Blue Shades-Large, long spurred flowers in shades of blue.

55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

Mrs. Scott Elliott—Exquisite long spurred flowers of beautiful pastel shades, many two-toned. Mixed colors. 45c each; 4 for \$1.60; 10 for \$3.50. Postpaid.

★ SPECIAL—12 Columbine plants in mixed colors. We select them from the above varieties. The dozen for \$5.75, postpaid.

MORDEN'S LYTHRUM-(See picture on opposite page). Produces, in great profusion, spikes of exquisite rose-pink flowers of "crepe-paper" texture. Blooms all summer and is at its peak during July and August when flowers are needed. Extremely hardy, easy to grow and will thrive in wet or dry locations. 65c each; 4 for \$2.40; 10 for \$5.50. Postpaid.

—— PEONIES ——

EDULIS SUPERBA-The great "Memorial Day" pink Peony. Blooms early, very freely, with large, double flowers. 90c each; 4 for \$3.40; 10 for \$8.00. Postpaid.

FELIX CROUSSE—Bright ruby-red, large bomb type, good cut flower and keeps well. Blooms midseason. \$1.10 each; 4 for \$4.20; 10 for \$10.00. Postpaid.

FESTIVA MAXIMA-Pure white with the center flecked with crimson. Extra large and very double. Blooms early. \$1.25 each; 4 for \$4.80; 10 for \$11.50. Postpaid.

KARL ROSENFIELD—Brilliant dark velvet red. Very large and double. Excellent cut flower. Blooms mid-season. \$1.25 each; 4 for \$4.80; 10 for \$11.50. Postpaid.

MONS JULES ELI—Lilac-pink shading to deeper rose overlaid with a silver sheen. Midseason. \$1.25 each; 4 for \$4.80; 10 for \$11.50. Postpaid.

1 EACH OF ALL FIVE, Postpaid\$5.50

PHLOX DIVARICATA-Also called Wood Sweet William or Wood Phlox. Produces an abundance of lavender-blue flowers in April and May. Prefers partial shade. 10 to 12 inches. 65c each; 4 for \$2.40; 10 for \$5.50. Postpaid.

CREEPING PHLOX (subulata)—(See picture on opposite page). Grows only about 4 inches tall: Produces a moss-like foliage that stays green all through the winter. It is completely covered with exquisite flowers in the spring. Will grow in the sun or partial shade. We offer this in three colors: BLUE, PINK and WHITE. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

GAILLARDIA, Burgundy—A striking wine-red variety. Large flowers on long stiff stems. June until fall. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

GAILLARDIA, Goblin-(Pictured on page 22). A new variety. Very compact, globular plants; not as loose and open as most other varieties. The flowers are rich red, fringed with bright yellow. A striking bicolor. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

SWEET WILLIAM, DWARF MIDGET-Ball-type plant growing from 3 to 4 inches. Large blooms cover the plant. Color ranges from white to deep shades of red, mostly tricolored. Excellent for edging borders. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

SWEET WILLIAM, GIANT FLOWERING-(Pictured on opposite page). The old-fashioned single and double Sweet Williams in mixed colors. 55c each; 4 for \$2.00; 10 for \$4.50.

SWEET VIOLETS, ROYAL ROBE-A lustrous shade of deepest violet-blue. Delicately fragrant and opens, flat like a pansy.

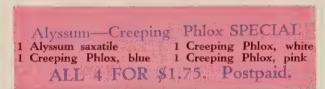

55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

HARDY PERENNIALS Continued from Page 20

HEMEROCALLIS

THE IMPROVED DAYLILY

We offer the following thirteen varieties of these hardy, easy to grow perennials. (See picture on opposite page.)

August Pioneer—Blooms are orange with a reddish flush. A profuse bloomer. 50c each; 4 for \$1.80; 10 for \$4.00, postpaid.

Battle Cry—Deep mahogany-red with a star-like creamwhite throat. Exceedingly rare variety. 95c each; 4 for \$3.60; 10 for \$8.50. Postpaid.

Emily Dickinson—Glistening delicate yellow flowers. Sun resistant. A new USDA variety. Hardy, prolific and outstanding. 65c each; 4 for \$2.40; 10 for \$5.50. Postpaid.

Flaming Sword—Deep fiery red with a velvety sheen. Very free flowering. 95c each; 4 for \$3.60; 10 for \$8.50. Postpaid.

Hyperion—(Pictured on opposite page). Flowers are citron yellow and delightfully fragrant. Many consider it the finest yellow Daylily available. Very prolific. 95c each; 4 for \$3.60; 10 for \$8.50, postpaid.

Kwanza—A fine double variety. Large attractive orangeyellow flowers. 50c each; 4 for \$1.80; 10 for \$4.00, postpaid.

Linda—(Pictured on opposite page). Petals are creped along the edges and are golden, lightly washed with rôse. Throat is bordered with deeper rose. Alternating petals are clear cream color. 80c each; 4 for \$3.00; 10 for \$7.00, postpaid.

Mikado—Rich orange with a large spot of mahogany red in each petal. The bold color contrasts and perfection of form of this Daylily makes it one of the most striking and unusual. 50c each; 4 for \$1.80; 10 for \$4.00, postpaid.

Mary Henry—Large, delicate flowers with alternate petals of deep, rich yellow and light, delicate yellow. The plant is vigorous, sun-resistant and free flowering. Midseason. 65c each; 4 for \$2.40; 10 for \$5.50. Postpaid.

Margaret Perry—A beautiful scarlet-orange with a center of suffused yellow. Very good. 50c each; 4 for \$1.80; 10 for \$4.00, postpaid.

Rajah—A gorgeous new introduction in a brilliant flame scarlet with a vivid triangular throat area of Brazil red. Blooms profusely with large beautifully shaped, brilliantly colored flowers of perfect form. July-August. 40c each; 4 for \$1.40; 10 for \$3.00, postpaid.

Reinbeck—Long, graceful petals of glistening delicate yellow. New USDA sun-resistant variety. Hardy and outstanding. 95c each; 4 for \$3.60; 10 for \$8.50. Postpaid.

Theron—(Pictured on opposite page). Large, full, dark mahogany-red. The throat is deep gold, producing a striking purple and gold effect. 80c each; 4 for \$3.00; 10 for \$7.00, postpaid.

\$15.00

HELIANTHUS (Hardy Double Sunflower)—(See picture at the left). Sometimes called Hardy Dahlia. Large double dahlia-like flowers on long stems excellent for cutting. Rich sunflower yellow. Blooms from midsummer until frost. Grows 3 to 4 feet high. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

HARDY CARNATIONS—Pictured on opposite page. Carnations begin blooming in early summer and continue until frost. Flowers are bright, showy clear colors and are excellent for cutting. Very hardy. We offer your choice of three colors: RED, PINK and WHITE. 50c each; 4 for \$1.80; 10 for \$4.20. Postpaid.

HEUCHERA ROSAMUNDI—(Coralbells). The most desirable of all the Coralbells. It is a strong grower, not subject to diseases and produces an abundance of fine coral-pink blooms on tall, strong stems which last over 2 months. 80c each; 4 for \$3.00; 10 for \$7.00. Postpaid.

HARDY PHLOX

(See picture on opposite page.) We offer the following six choice varieties that are especially adapted to this section

B. COMPTE—Large heads of rich wine red. Dwarf and low growing, compact plants. 50c each; 4 for \$1.80; 10 for \$4.00, postpaid.

COLONIAL—Extra large lavender-blue. A tall grower. 50c each; 4 for \$1.80; 10 for \$4.00, postpaid.

ECLAIREUR—A rich lavender-purple. A strong grower and very hardy. 50c each; 4 for \$1.80; 10 for \$4.00, post-paid.

ENCHANTRESS—Bright salmon pink with a dark eye. A very vigorous and hardy variety. 50c each; 4 for \$1.80; 10 for \$4.00, postpaid.

MRS. JENKINS—Pure waxy white. Fast growing and vigorous. 50c each; 4 for \$1.80; 10 for \$4.00, postpaid.

R. P. STRUTHERS—Bright cerise with claret eye. Showiest and hardiest. 50c each; 4 for \$1.80; 10 for \$4.00, post-paid.

LILY OF THE VALLEY—Old fashioned favorite. Pips best planted shallow. For the shady border in rich, deep soil, on north side of the house. Very hardy. Pips, 2 for 30c; 10 for \$1.25. Postpaid.

BLUE FLAX—(Linum perenne). Forms a spreading clump of attractive fern-like foliage with a profusion of misty, azure-blue flowers with white eyes. Very hardy. 45c each; 4 for \$1.60; 10 for \$3.50. Postpaid.

PINKS, HARDY—(See picture on opposite page)—Little.blossoms that range from crimson to white. Spicy odor. Silvery foliage. 6 to 12 inches. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

PLATYCODON (Balloon Flower)—(See picture on opposite page.) Balloon shaped buds open into beautiful bell-shaped flowers on long stems. Very hardy. We offer the following varieties:

Blue—45c each; 4 for \$1.60; 10 for \$3.50. Postpaid. Pink—55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

PYRETHRUM (Painted Daisies)—(Pictured on opposite page.)
Bright colored daisy-like flowers on fern-like foliage. Red or
mixed colors. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

VINCA MINOR (See picture on opposite page.) Best evergreen ground cover for Kansas. Large lilac-blue flowers in early spring. Shiny evergreen foliage. Spreads easily in any good soil. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

WHITE PLANTAINLILY—(Also called Funkia or Hosta Lily). Especially fine for shady places beneath trees and on the north side. It also grows in the sun. Grows 18" tall with large attractive deep green leaves. Flowers are large, pure white, fragrant and resemble Easter Lilies when fully open. Blooms freely in August and September. \$1.35 each; 3 for \$3.90 Postpaid.

BLUE PLANTAINLILY— Hosta caerulea. See picture at the right. Deep to pale blue lily-like flowers on tall spikes. Broad, dark green shiny leaves. A very hardy plant for the shady border or for the north sides of buildings. Grows about 12 to 15 inches. Excellent ground cover for shade or partial shade. Blooms late summer. 55c each; 4 for \$2.00; 10 for \$4.50. Postpaid.

HARDY CHRYSANTHEMUMS

On the front cover and on pages 24, 25, 26 and 27, you will find listed one of the best collections of Hardy Chrysanthemums in this section of the country. All of these varieties, including many of the latest, have been tested and grown right here in

Salina, where our field of many thousands of plants of these gay flowers has attracted lots of attention. Prices below are Postpaid.

AVALANCHE-(Pictured on opposite page). The world's best large creamy white mum. Perfectly formed flowers are often 5 inches across. September flowering. 70c each, 4 for \$2.60; 10 for \$6.00.

YELLOW AVALANCHE-(Pictured to the left). One of the outstanding mums of 1947. A clean soft yellow bud sport of Avalanche. 70c each; 4 for \$2.60; 10 for \$6.00.

AVALANCHE SPECIAL

2 Avalanche 2 Yellow Avalanche

All 4 for \$2.65. Postpaid

BETTY-See front cover for picture and description. 95c each; 4 for \$3.60; 10 for \$8.50.

BURGUNDY-(Not pictured). The most reliable wine-colored Mum . . . a real burgundy-red with deeper tones in the center. Fragrant and outstanding. 70c each; 4 for \$2.60; 10 for \$6.00.

CARNIVAL-See front cover for picture and description. 95c each; 4 for \$3.60; 10 for \$8.50.

CHARLES NYE-(Pictured on opposite page). Large, 3-inch,

fully double rounded flowers of rich butter-cup yellow. One of the best. New and destined to become popular. 70c each; 4 for \$2.60; 10 for \$6.00.

CHIPPEWA-(Pictured on opposite page). Large incurved flowers of rich mallow purple, are often over 4 inches in diameter and freely produced on long stems from September until frost. A most outstanding and magnificent variety. 70c each; 4 for \$2.60; 10 for \$6.00.

COURAGEOUS—Showy, bright, ruby red, large double flowers often 3½ inches in diameter. One of the most promising new early dark red mums. Frost resistant. 60c each; 4 for \$2.20; 10

IVORY GLOW-(Pictured on page 26). New U. S. D. A. introduction. Large creamy white, very double flowers of excellent form. Flowers of disbudded plants are like "hothouse" mums in appearance. 85c each; 4 for \$3.20; 10 for \$7.50.

CHRISTMAS-(Pictured below). A dwarf, cushion-type mum barely 9 inches tall. Deep bronze-red flowers completely cover the compact plant in October. Excellent variety for planting boxes or low edging border. 60c each; 4 for \$2.20; 10 for \$5.00.

LAVENDER LADY-(Pictured on opposite page). One of our choicest mums. Immense delicate silvery lavender pink flowers borne profusely on long stems. 70c each; 4 for \$2.60; 10 for

LEE POWELL—See picture and description on front cover. \$1.00 each; 4 for \$3.80; 10 for \$9.00.

MRS. PIERRE S. DUPONT

III-(Pictured on opposite page). A lovely blending of peach pink tints and rosy salmon-bronze. Fully double. A magnificent mum. 70c each; 4 for \$2.60; 10 for \$6.00.

PONCA-(Pictured to the right). Deep purple-red pompon type. Low-growing, cushion. Very decorative and very hardy. University of Nebraska introduction. 75c each; 4 for \$2.80; 10 for \$6.50.

the famous SEPTEMBER MUMS

SEPTEMBER CHEER-(Pictured on opposite page). A new rich cherry red pompon. Well adapted to potting. 60c each; 4 for \$2.20; 10 for \$5.00.

SEPTEMBER DAWN-(Pictured on opposite page). New large bright rose pink. One of the best, 60c each; 4 for \$2.20; 10 for \$5.00.

SEPTEMBER GOLD-(Pictured on opposite page). Large brilliant golden yellow pompons. 60c each; 4 for \$2.20; 10 for \$5.00.

> 2 EACH OF THE SEPTEMBER MUMS. ALL 6 FOR \$3.25. Postpaid

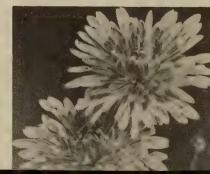

KATHLEEN LEHMAN-(Pictured on opposite page). A hardy and prolific Mum of the brightest orange-gold, deepening to red-gold at the center. This is one of the most bronze shades growing. 75c each; 4 for \$2.80; 10 for \$6.50.

SPOON MUMS

YELLOW SPOON-(Pictured below, left). Very fine, bright, clear golden yellow tubes and spoons. 70c each; 4 for \$2.60; 10 for \$6.00.

PINK SPOON-(Pictured below, right). A distinct and entirely different type of hardy mum. The beautiful pink petals are quilled to a spoon shape. Flowers have bright yellow centers and make artistic bouquets. September to frost. Extremely hardy. 60c each; 4 for \$2.20; 10 for \$5.00.

TEN MAGNIFICENT HARDY MUMS

ONE EACH OF THE 4 CUSHION MUMS...

EARLY GOLD-(Pictured on opposite page). The flower is a ball of pure golden-yellow with deeper shadings of apricot yellow toward the center. The plant is low, compact and is covered with flowers from late August until frost. One of our best Mums. 70c each; 4 for \$2.60; 10 for \$6.00.

FIESTA—(Pictured on opposite page). A fine new introduction. An unusual blending of orange and copper in color. Grows about 2 feet and blooms in late September. 95c each; 4 for \$3.60; 10 for \$8.50.

CECIL BEED-(Pictured on front cover). Flowers have a silver sheen in the center shading to deep lavender-rose on the outer petals. Plant is low, compact, about 12". 70c each; 4 for \$2.60; 10 for \$6.00.

JEWELL-(Pictured to the right). Sparkling, bright pink button mum. The brilliant pompons completely cover the low, compact plant. Excellent variety for pots or planting boxes, 60c each; 4 for \$2.20: 10 for \$5.00.

MARGIE—(Pictured on opposite page). New U. S. D. A. introduction. Flowers are a rich dark red with a slight gold reflex to-

ward the center. About the same shape as IVORY GLOW except smaller, about 11/2 to 2 inches across. September until frost. Very good. 75c each; 4 for \$2.80; 10 for \$6.50.

MASQUERADE—(Pictured on opposite page). A new mum. A glistening mass of silvery lavender and rose pompons. Neat compact flowers completely cover the plant. 95c each; 4 for \$3.60; 10 for \$8.50.

OLIVE LONGLAND-See picture and description on front cover. 70c each; 4 for \$2.60; 10 for \$6.00.

W. P. SNYDER-(Pictured on opposite pagé). We consider this the best of the new introductions. Fully double flowers 2 to 21/2 inches across are borne in clusters on long stems ideal for cutting. Color shades from a rich golden yellow in the center, through apricot to almost pink on the outside. Fully double. Long season from early September to hard freezes. 75c each; 4 for \$2.80; 10 for \$6.50.

OSTOSA - (Pictured to the right). One of the most profuse flowering and finest pure white pompons we have grown. Medium height. 60c each; 4 for \$2.20; 10 for \$5.00.

POHATCONG—(Pictured on opposite page). Lovely, large double, rich lavender-pink flowers in great profusion from September until frost. Very hardy. 70c each; 4 for \$2.60; 10 for \$6.00.

RED GOLD-(Pictured to the right). This early blooming plant is covered with pompon flowers of a lively combination of red and golden orange. 60c each; 4 for \$2.20; 10 for \$5.00.

PURPLE WATERS-(Not pictured). The best early deep purple in our supply. Completely double, 3 inch flowers entirely smother the 2 foot plant. 75c each; 4 for \$2.80; 10 for \$6.50.

WHITE BOUNTY-(Pictured below, left). White button pompon with small sulphur-yellow center. Good, lasting ut-flower. 70c each; 4 for \$2.60; 10 for \$6.00.

WHITE BOUQUET-(Pictured below, right). Compact flower of luscious pure white with a cream center. Wonderful when cut. 70c each; 4 for \$2.60; 10 for \$6.00.

HARDY LILIES for summer beauty.

REGAL LILY—This exquisite lily is pearly white, pink-tinged and with a golden throat. Very hardy and easy to grow. Blooms in June and July on stems about 3 feet tall. Requires no special soil or care and will bloom the first season. POST-PAID. Large bulbs 35c each; 3 for \$1.00; 10 for \$2.95.

PHILLIPINE LILY-A Septem-

Mid-Century Special –

- 3 Mid-Century Hybrid Lilies
- 3 Regal Lilies
- 3 Phillipine Lilies
- All 9 Bulbs for \$4.50 Postpaid

MID - CENTURY HY-BRID LILIES-An outstanding hybrid Lily. Very hardy, they grow and thrive everywhere even under adverse conditions. A superb range of colors in shades of yellow from canary to gold apricot, pinks, rose, salmon and many shades of red. The blooms come in clusters on strong stems 3 to 4 feet tall. They come up year after year, always increasing in beauty. Excellent for cutting. Topsize bulbs, POST-PAID. \$1.00 each; 3 for \$2.70; 10 for \$7.50

SURPRISE · LILY—Hardy Amaryllis (Lycoris squamigera) -Also called Magic Lily. This marvelous bulb grows attractive green foliage in the early summer, which then dies and disappears. Then, as if by magic, in midsummer the flower stalk shoots up to 2 or 3 feet tall, bearing large lilac-pink, Lily-like flowers. Often blooms with 8 to 12 blossoms to a stem. Flowers are excellent for cutting. Plant 4 to 5

inches deep. Perfectly

hardy. POSTPAID.

Large No. 1 Flowering Bulbs 50c each; 3 for

\$1.35; 10 for \$3.75.

TIGER LILY—This bold beauty has long been America's favorite garden lily because of its robust habit of growth and ease of culture. Large shapely flowers are a rich dark salmonorange spotted with glossy black. Blooms in late summer. POST-PAID. Large, blooming size bulbs 55c each; 3 for \$1.50; 10 for \$4.50.

- 1 PHILLIPINE LILY
- 1 REGAL LILY
- 1 TIGER LILY

Postpaid All 3 for \$1.25

ORNAMENTAL GRASSES

PAMPAS GRASS—(Pictured at the left) Popular and attractive ornamental grass. Grows 8 to 10 feet high. Very hardy. Will grow in very hot, dry locations. While it is attractive near pools or in rock gardens, it requires little or no watering after once established Postpaid, 65c each; 3 for \$1.50; 10 for \$4.50.

RIBBON GRASS—Pictured at the left. A favorite of old gardens. The leaves are attractively striped with pure white. Grows about 18 inches. Very hardy and will grow anywhere. Postpaid, 65c each; 3 for \$1.50; 10 for \$4.50.

One Each of the Three Ornamental Grasses \$1.75 Postpaid

PLUME GRASS—(Pictured above, right.) Another ornamental grass that is extremely valuable where a lower growing variety is desired. It grows only about 3 to 4 feet high and its plumes make attractive winter bouquets. Extremely hardy and easy to grow. Postpaid, 65c each; 3 for \$1.50; 10 for \$4.50.

HARDY VINES and Ground Covers

BITTERSWEET—In the fall, this vine bears clusters of red berries, very valuable for winter bouquets. We recommend the planting of two plants for cross pollination to insure fruiting. Postpaid, 95c each; 3 for \$2.70.

CLEMATIS, CRIMSON STAR—(See picture to the right). A recent addition to a group of large-flowering Clematis. Very large flowers of velvety crimson. Very showy and striking. Strong plants, sure to grow. Postpaid, \$1.90 each; 3 for \$5.40.

CLEMATIS JACKMANI—(See picture at the right.) Produces gorgeous flowers of royal purple 4 to 6 inches across. Blooms nearly all summer. Strong plants, sure to grow. Postpaid, \$1.70 each; 3 for \$4.95.

CLEMATIS PANICULATA

GOLDFLAME HONEYSUCKLE

BOSTON IVY

1 CLEMATIS CRIMSON STAR 1 CLEMATIS JACKMANI \$3.50 Postpaid

CLEMATIS PANICULATA—(See picture at left.) If you want a good vigorous vine that will really form a solid screen or background, either in the shade or sun, then you should plant Clematis paniculata, sometimes called SWEET AUTUMN CLEMATIS. As the picture shows, it is literally covered in late summer and autumn with small white, very fragrant flowers. Postpaid, \$1.25 each; 3 for \$3.60.

*EUONYMUS FORTUNEI COLORATUS—See broadleaved evergreens, page 16.

*GOLDFLAME HONEYSUCKLE—(See picture at the left.) Also called "Summer King" and "Everblooming Honeysuckle" Usually covered with flowers from May until freezing weather. Flowers are flame-scarlet on the outside and golden yellow on the inside. Use for the trellis, fence, porch etc. Easy to grow and hardy. Postpaid, \$1.10 each; 3 for \$3.15; 10 for \$10.00.

*HALL'S PURPLE-LEAF HONEYSUCKLE—(See picture at the right.) The leaves and stems have a purplish cast all summer long, becoming more pronounced in the fall. Retains its leaves almost all winter. Hardier and more vigorous than older varieties. Excellent for a ground cover as well as a climbing vine, especially in the shade. Produces an abundance of lovely white and yellow fragrant flowers. Postpaid, \$1.10 each; 3 for \$3.15; 10 for \$10.00.

*BOSTON IVY—(Pictured to the lower left.) Fine foliage, clings closely to any wall. Prefers partial shade. Postpaid, \$1.10 each; 3 for \$3.15; 10 for \$10.00.

*ENGLISH IVY—(Hedera Helix Baltica)—A hardier variety of the charming English Ivy. Good rambling ground cover in shade, or as a climbing vine on stone or bricks for north side. Postpaid, 55c each; 3 for \$1.50; 10 for \$4.50.

ENGELMANN'S IVY — Popular five-leaved Ivy that grows rapidly and clings to rough brick or stone. Postpaid, \$1.00 each; 3 for \$2.70.

SILVER LACE VINE—The fastest growing vine that will give you both shade and flowers the first summer. It often grows 10 to 20 feet the very first season Blooms with masses of small white flowers from midsummer to late fall. Ideal for porches, lattices or fences. Postpaid, \$1.25 each; 3 for 3.60.

WISTARIA, GIANT PURPLE—(See picture at the lower right.) Lilac-purple flowers in June and July. Very hardy and easy to grow. One of the best vines for the arbor or large trellis. Postpaid, \$1.00 each; 3 for \$2.70.

*VINES SO MARKED ARE ALSO EXCELLENT GROUND COVERS WHEN NOT TRAINED ON A TRELLIS.

WISTARIA, GIANT PURPLE

WHITE BOUQUET

1957 All America Award Winner

Patent No. 1415. (Pictured above). The first white Floribunda to win the All-America Award. An Enchanting white Rose with sparkling 4 to 5 inch blooms and shiny, dark green foliage. When open fully, the petals spread to form rich white blooms that have sweet, spicy fragrance. Excellent for cutting and ideal for bedding and border planting. POSTPAID: \$2.50 each; 3 for \$6.60.

THE TEXAN

Patent No. 1471. (Pictured below). Red as a prairie fire . . . tall as a ten gallon hat . . . softly scented as a southern belle. This red, red rose is a cross between Peace and Improved LaFayette. Big red Roses in large clusters make the TEXAN a whopping beauty in the garden. POSTPAID: \$2.50 each; 3 for \$6.60.

the new EVERBLOOMING FLORIBUNDA ROSES

SUPPLIED IN HEAVY GRADE ONLY.

FLORIBUNDA ROSES are hardy, disease-resistant, long-lived and need very little care. The flowers come in clusters and are always in bloom from Spring until freezing weather; even the early frosts do not stop them. Plant them in solid beds, masses or in groups in front of shrubs and evergreens. They make excellent hedges and are fine for cutting. Plant them in the foundation planting for color accent or under picture windows. Should be planted 18 to 24 inches apart.

FASHION—(Patent No. 789). Picture on opposite page. AARS winner in 1950. This new and uniquely colored Floribunda is a blending of coral and gold, quite different than any other color in Roses. The little buds of Fashion open out into semi-double blooms which retain their delightful color. The attractive 2½ to 3 foot plant is in bloom almost all the time. A popular favorite everywhere. POSTPAID: Each, \$2.00; 3 for \$5.25.

INDEPENDENCE—(Patent No. 1036). Pictured on opposite page. A very striking and desirable Floribunda. It produces large clusters of orange-red or fire-cracker red flowers. Makes a compact bush with excellent foliage. POSTPAID: Each, \$1.75; 3 for \$4.65.

PINOCCHIO—(Patent No. 484). (Pictured on opposite page). The rose is literally covered throughout the season with immense clusters of perfect baby roses in the brightest cheeriest, yet daintiest shades of salmon flushed with gold. It is ideal to plant in shrub borders and evergreen plantings, and particularly effective in continuous summer and fall color after the flowering shrubs are done. Extremely hardy and always in bloom with many gay and colorful flowers on every bush. POSTPAID: Each, \$1.75; 3 for \$4.65.

RED PINOCCHIO—(Patent No. 812). (Pictured on opposite page). The buds of this delightful little floribunda are a deep, satiny carmine on the outside—and a bright carmine on the inside. As the flower matures, it gives a velvety cast to the lovely cup-shaped bloom. The bushy, upright plant is vigorous and extremely hardy. POSTPAID: Each, \$1.75; 3 for \$4.65.

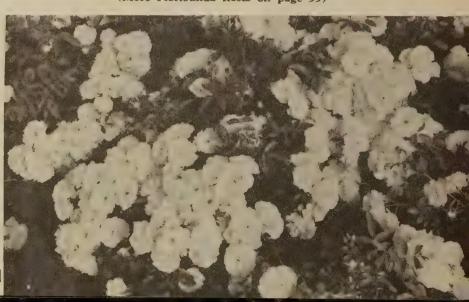

YELLOW PINOCCHIO—(Patent No. 992). (Pictured on opposite page). The newest member of the Pinocchio family. Great masses of blossoms in an apricotyellow color on a sturdy bush about 2½ feet tall. When at the peak of bloom, it is a rounded mound of yellow. POSTPAID: \$1.50 each; 3 for \$3.90.

VOGUE—(Patent No. 926). (Pictured on opposite page). A new Floribunda with its own unique, brilliantly glowing cherry-coral color. The individual flowers, 3 to 4 inches in diameter, are Hybrid Tea shaped, with perfect, high-centered form. They open slowly from a dark cherry, ovoid bud to the delightful cherry-coral open flowers with a rich fragrance. AARS award winner for 1952. POSTPAID: Each, \$2.00; 3 for \$5.25.

WORLD'S FAIR—(Patent No. 362). (Pictured on opposite page). This beauty was the first rose to win the All-America Award. Buds are small in comparison with the finished flowers. The very large petals are cherry red as the flower opens. The double flowers pass through several darker shades to deep red velvet, giving interesting and intriguing variations in the same cluster. The vigorous plant is exceptionally hardy. POSTPAID: Each, \$1.50; 3 for \$3.90.

SUMMER SNOW—(Patent No. 416). (Pictured below). The most prolific of white floribundas, with great "drifts" of beautiful large clusters like mounds of snow. The remarkable profusion of heavy flower clusters covers the plant during late June, July, August and September. Summer Snow Floribunda Roses are used to accent and blend other colors in the perennial and shrub border. Excellent for mass plantings. Sweet, elusive fragrance. Light green attractive foliage. POSTPAID: Each, \$1.50; 3 for \$3.90.

NEW FLORIBUNDA ROSES (continued from page 30)

CIRCUS—Pictured on opposite page. Patent No. 1382. AARS winner for 1956. The predominate color is yellow with tight buds richly marked with red. As the buds unfold, they offer an ever-changing succession of delightful shades of yellow, orange, buff, pink and red. Stems are straight and sturdy, fine for cutting. POSTPAID: \$2.50 each; 3 for \$6.60.

FUSILIER—Pictured on opposite page. Patent applied for. AARS Winner for 1958. A rich orange-red of great brilliance and luminescence which runs to a darker cherry red in the fall of the year. The high colored flowers are produced in heavy clusters and a wavy effect in the frilled petals of the large blooms heightens the luminescent effect. POSTPAID. \$2.50 each; 3 for \$6.60.

JIMINY CRICKET—Pictured on opposite page. Patent No. 1346. AARS Winner for 1955. A new Floribunda featuring tangerine-red buds, opening to coral-orange. Vigorous, upright growth and prolific blooming habit make it ideal for hedges, color masses and border edges. Cut flowers hold well for indoors. \$2.00 each; 3 for \$5.25. POSTPAID.

GOLD CUP—Pictured on opposite page. Patent applied for. AARS Winner for 1958. Lovely golden-yellow that holds its color throughout the life of the flower. The pure yellow of the blossoms contrast beautifully with the very ornamental glossy foliage. Since yellow floribundas are quite rare, this one, with its lovely fragrance, will be a welcome addition to your garden. POSTPAID. \$2.50 each; 3 for \$6.60.

Old favorite EVERBLOOMING FLORIBUNDA ROSES

PRICES: (on the four varieties below only). HEAVY GRADE ONLY. \$1.40 each; 5 for \$6.50; 10 for \$12.00.

EUTIN—Large clusters, often 50 or more flowers, of double deep red flowers. Healthy, hardy, vigorous and free-blooming. About 24 inches tall.

FLORADORA—(Pictured on opposite page). Brilliant cinnabar red blooms, touched with scarlet and geranium. Very hardy and prolific. In bloom from early June until frost.

IMPROVED LAFAYETTE—(Pictured on opposite page). One of the hardiest and best bedding and border Roses. Produces large clusters of bright cherry-crimson flowers in great abundance. It is constantly in bloom from early spring until freezing weather. Semi-double, very fragrant and grows about 27 inches tall.

ROSENELFE—Graceful clusters of dainty, LaFrance pink flowers. Color holds well in the hottest sun. A fine grower with excellent foliage.

EVERBLOOMING BABY ROSES

These Polyantha or Baby Roses are ideal for borders and solid beds of color. They are excellent for hedges. Extremely large clusters of flowers practically all season long. Ideal for cemetery planting because they are so hardy and require so little care. Grow about 15 to 18 inches tall and should be planted 15 to 18 inches apart for best results.

PRICES: (on the three varieties below). HEAVY GRADE ONLY. \$1.40 each; 5 for \$6.50; 10 for \$12.00. Postpaid.

CAMEO—Pictured on opposite page. A new and distinct color of shell-pink with salmon suffusion over which lies a glow of gold. Flowers in large clusters constantly in bloom from June until frost.

GOLDEN SALMON—Produces very large clusters of bright salmon orange flowers. Nice, bushy, well-shaped plants. Very hardy and a striking Rose.

IDEAL—Dark velvety crimson in color. Bears large clusters of very fragrant, double flowers. Foliage is dark, leathery and glossy. A bushy plant.

New GRANDIFLORA ROSES

WHAT ARE GRANDIFLORA ROSES? The Grandiflora Roses are an exciting new class of Roses combining the finest qualities of the Hybrid Teas and the Floribundas. Grandiflora Roses have the abundant bloom of the Floribundas along with the beautiful bud form, longer lasting, larger flowers and superb cutting stems of the Hybrid Teas.

CARROUSEL—Pictured to the left. (Patent No. 1066). The large double flowers could easily class this Rose as a Hybrid Tea, but the blooms appear in clusters so free blooming that it is classed as a Grandiflora. It blooms with a continuous mass of glowing deep red flowers regardless of the weather. Tall growing, rather upright and disease resistant. \$2.00 each; 3 for \$5.25. POSTPAID.

QUEEN ELIZABETH—(Patent No. 1259). Pictured to the right. AARS winner for 1955. Blooms are pure pink and are accented by glossy, deep green foliage. Flowers are borne on long, almost thornless stems which are ideal for cutting. Blooms are carried both singly and in clusters. \$2.50 each; 3 for \$6.60. Postpaid.

BUCCANEER—Pictured to the left. (Patent No. 1119). Brilliant flowers of non-fading, lasting clear yellow. Strong growing and a very profuse bloomer. POSTPAID. \$2.50 each; 3 for \$6.60.

New EVERBLOOMING ROSES

All America Rose Selections.

This is a non-profit committee, nationally and internationally recognized as the most important rose testing organization. Each year, AARS scientifically tests and selects the best of each year's rose introductions for national awards. All rose entries are planted in 18 test gardens distributed throughout America. Competent judges score the entries over a period of two years, and at the end of the two year period, the top scoring entry is given the All-America Award. You can be certain that any AARS winner is one of AMERICA'S FINEST ROSES.

The Patented Hybrid Tea Roses listed below are supplied in heavy grade only.

CHRYSLER IMPERIAL—(P. P. 1167). (Pictured opposite page). AARS winner for 1953. Its irridescent color is unmatched by any other red Rose. Vivid, rich crimson with darker overtones of glowing oxblood red. Long, tapering buds opening to large flowers borne on strong stems. Abundant and semi-glossy foliage makes this an excellent garden shrub. Postpaid; Each, \$2.50; 3 for \$6.60.

FORTY-NINER-(P. P. 792). (Pictured on opposite page.) AARS award for 1949. Brilliantly hued bicolor. Its contrasting colors are startling in their brilliance, yet they blend together beautifully. Inside of petals is a vivid Orient Red, while the outside is a chrome yellow. The colors are lasting and bright, and the long buds open to large well-shaped blooms. A profuse bloomer, even in hot weather. Postpaid; Each, \$2.25; 3 for

MIRANDY-(P. P. 632). (Pictured opposite page). AARS awarded for 1945. A strong, free-blooming plant producing large, long pointed buds of rich dark red with black shadings which open to lovely flowers of Chrysanthemum Red. The flower displays new beauties of form as the petals unfold and is at its best during sunshine and warm weather. Postpaid: Each, \$2.25; 3 for \$6.00.

MISSION BELLS--(P. P. 923). (Pictured on opposite page). AARS award for 1950. The pointed buds are a deep glowing salmon which open to extra large blooms of a clear shrimp pink color. Vigorous, heavily branched plants are clothed with disease-resistant coppery-green foliage. Postpaid: Each \$2.00; 3

MOJAVE—(P. P. 1176). (Pictured opposite page). AARS winner for 1954. The color is a glowing, radiant apricot-orange, highlighted with other warm tints of nasturtium-red, scarlet and vermillion. Every long bud and perfect bloom is borne on a long, straight single stem. The plant is upright and vigorous with handsome foliage. Postpaid: Each, \$2.75; 3 for \$7.20.

NEW YORKER-(P. P. 823). (Pictured opposite page). The real red, red Rose! Brilliant red color that does not fade or blue in hot weather. Plant is sturdy and vigorous. The buds open slowly into very large flowers of scarlet with rosy-red undertones, overlaid with rich velvety sheen. Postpaid: Each, \$2.25; 3 for \$6.00.

PEACE-(P. P. 591). (Pictured opposite page). The best Rose ever created. AARS winner for 1946. The perfect buds open slowly into large, fragrant, fully double flowers. Its greatest charm is the changing panorama of colors. The buds are rich gold, edged with bright pink. As the outer petals unfold, the gold changes to canary then lightens to creamy ivory. The pink edge gradually deepens and becomes broader so the fully open flower appears sparkling pink with a creamy-yellow base. Last unusually long at all stages. Vigorous, healthy, free-blooming bush. Postpaid: Each, \$2.50; 3 for \$6.60.

SUTTER'S GOLD-(P. P. 885). (Pictured opposite page). Beautiful, long pointed, yellow buds, richly shaded with orange and red. Rich tea fragrance not found in any other yellow Rose. The flowers are high-centered and richly colored. AARS winner for 1950. Postpaid: Each \$2.25; 3 for \$6.00.

TIFFANY-(Pictured below). (Patent No. 1304). AARS winner for 1955. A new Hybrid Tea Rose of beautiful Phlox-pink; double, high-centered blooms. Long, pointed buds are deep pink with golden yellow shadings at the base. Flowers are borne singly on long stems. Outstanding fragrance. \$2.50 Each; 3 for 6.60. Postpaid.

WHITE KNIGHT-(Pictured below), Patent Applied For. 1958 AARS winner. The first white hybrid tea rose ever awarded the coveted AARS honor. Truly spectacular white hybrid tea rose with superb form of both the bush and the flower. The satinywhite blossoms hold their purity color on long stems ideal for cutting. The 35 petals roll loosely outward achieving a stunning effect in the open flower. \$3.00 Each; 3 for \$7.95. POSTPAID.

POTTED ROSES

BLOOMING PLANTS IN SPECIAL REMOVABLE CONTAINERS CAN BE PLANTED ANY TIME . . . WITHOUT SETBACK OR LOSS

If it is impossible for you to plant your roses during the spring planting season, when the plants are dormant, you need not dispair. You can plant these potted roses ANY TIME during the summer and fall

Early in the spring, at the proper time, we plant, in these special removable containers, in SPECIALLY PREPARED SOIL, a large number of roses (some of every variety we list here in our catalog. Late in May, when it begins to get too late to plant dormant roses, these fine plants are in bloom and are ready for sale. It is much to your advantage to drive to our nursery, pick out your plants first hand and take them away in your car. If you are not able to do this, we crate and ship them to you by way of express or truck freight, charges collect. Each pot and rose weigh about 12 pounds, so 5 or 6 roses will travel cheaply as one. Not prepaid.

PRICES: The EACH price for each variety, plus 50 cents each for potting (Thus a potted plant of Mirandy would sell for \$2.75 each, a potted plant Talisman would sell for \$2.05, etc.). Not prepaid.

Hardy CLIMBING ROSES

Hardly anything can equal Climbing Roses in full bloom for mass display of color. They are ideal for porches, arbors, trellises and trailing over fences. All climbers are very hardy in our Great Plains Region, but we recommend winter protection in the northern states. Climbing Roses should be set 3 to 6 feet apart for mass display. We advise the use of Ra-Pid-Gro Liquid Fertilizer (page 47) when planting and every 2 to 3 weeks during the months of June, July and August. Prices are postpaid.

AMERICAN BEAUTY—(Pictured on opposite page). This is one of the old-time favorite climbing roses. The vine is very hardy, a vigorous grower, and free blooming. The extra large blooms are a lovely deep pink in color, resembling Tea Roses in shape and size. POSTPAID: Heavy Grade—Each, \$1.55; 3 for \$4.35.

BLAZE, IMPROVED—The new, improved variety of the brilliant double red climber so popular throughout the country. You'll be thrilled with the generous display of bloom in June and also with the later flowers as the plant becomes well established and the everblooming characteristics begin to show. Enjoy great clusters of 2 to 3-inch scarlet flowers on your porch, fence, pergola, or trellis. POSTPAID: Heavy Grade—Each, \$1.80; 3 for \$5.10.

WHITE DAWN—(Pictured above). The fairest white climber! White Dawn puts forth myrids of large clusters of pure white blooms, covering the plant like mountains of snow. Postpaid: Heavy Grade—Each, \$1.80; 3 for \$5.10.

GOLDEN SHOWERS—Pat. # 1557. Pictured on opposite page. A brand new and outstanding climbing rose. It was remarkable enough to have won America's top honor for 1957, the first climbing rose to receive this distinction in 16 years! There is no other climber like it; none combines so many fine qualities in one rose. Beautiful, exquisitely formed, daffodil-yellow flowers come in impressive abundance. Each flower is from 4 to 5 inches across. Long-pointed, deep flowers that are excellent for cutting. The very vigorous and hardy plant will grow 6 to 8 feet in one season! It has almost thornless branches with large, leathery, glossy, disease-resistant foliage. A completely sensational winter-hardy Pillar or Climbing Rose. POSTPAID: heavy grade plants. \$2.75 each; 3 for \$7.20.

CLIMBING CRIMSON GLORY—(P. P. 736). Pictured on opposite page. Here is the climbing form of the beautiful Hybrid Tea Rose, Crimson Glory. It has exactly the same marvelous deep crimson flowers and the same rich fragrance. A perfect pillar rose. Blooms all through the season and WILL BLOOM THIS SUMMER AND FALL. Should be given winter protection in the northern states. Postpaid: Heavy Grade—Each, \$2.50; 3 for \$6.60.

DOUBLOONS—A fabulous yellow climber. Its blooms are magnificent, large golden yellow flowers in delightful clusters with a spicy, clean fragrance. It is unusually hardy and vigorous. Postpaid: Heavy Grade—Each, \$1.80; 3 for \$5.10.

NEW DAWN—(Pictured on opposite page). A hardy, climbing rose that is truly everblooming and has been thoroughly tested in Salina. This vigorous growing vine with luxuriant foliage is continually in bloom from June until very hard frosts. The flowers are double and of an exquisite apple-blossom pink in color with a delightful old-rose fragrance. The large flowers of New Dawn are borne on long stems, making them ideal for cutting. The flowers of New Dawn have a tendency to fade during the extreme heat of the summer. Postpaid: Heavy Grade—Each, \$1.80; 3 for \$5.10.

PAUL'S SCARLET—(Pictured on opposite page). The flowers are intense vivid scarlet, semi-double, and are freely produced in clusters of from 3 to 20 blooms on long, well-balanced canes, the plant being a mass of flaming color from top to bottom. Their flowers do not fade but maintain their brilliant color until the last petal drops. Very hardy. Postpaid: Heavy Grade—Each, \$1.55; 3 for \$4.35.

Moraine Locust

Patent No. 836. At last, a really CLEAN tree. In addition to being thornless, it bears only male flowers, thus preventing the formation of the unsightly brown seed pods that fall off in autumn and clutter up the lawn. The fact that it does not produce seed pods contributes to its having better foliage because the strength is not used up in producing fruit, consequently the foliage is more luxuriant and holds on much longer in the fall. Beautiful dark green foliage, clean, strong, dark-colored branches, stately shape, rapid-growing, long-lived, drought and heat resistant, will grow anywhere and no seed to fall or clean up. What else could you ask for? Our supply is limited. Not prepaid.

Each Per 2 Per 4 Size 6 to 7 ft. \$ 6.50 \$12.70 \$25.00 7 to 8 ft. 11.50 22.70 45.00

Thornless Honeylocust
See picture on opposite page. This is one of the best trees for our great plains region. It is extremely hardy, drought resistant and thrives in poor soil as well as rich soil. It is rapid growing and develops into a large, stately tree with dark green, luxuriant foliage. Its dark colored branches are strong and resistant to storms. It is not affected by insects or diseases or sudden freezes. (See page 44 for seedlings). Not prepaid.

Hybrid Elm (Pictured on opposite page). These trees have been grafted from a selected, mature parent tree which has shown every ideal characteristic for a Hybrid Elm. The Hybrid Elm, a cross between the American Elm and the Chinese Elm, shows all the stability, ruggedness and long life of the American Elm, yet it grows just as fast and is just as resistant to heat, drought and insects as the Chinese Elm. It will not be as subject to breakage from ice, snow and windstorm. The Hybrid Elm has large leaves like the American Elm and is not twiggy like the Chinese Elm. Our supply is very limited. Not prepaid.

Chinese Elm

(Pictured on opposite page). Because of its beauty, its extremely rapid growth, its resistance to disease and insects as well as heat and drought, the Chinese Elm has become popular. Under ordinary conditions, it grows 5 feet a year; in just a few years it becomes an excellent shade tree. It is valuable for those parts of our country where most other trees will not thrive where it is hot, dry or in alkali soil. (See page 44 for seedlings). Not prepaid.

THE MOST POPULAR Redbud... ORNAMENTAL TREE

See picture on opposite page. A dwarf, graceful tree native to the great plains region. The beautiful, bright red blossoms appear in the spring before the leaves. This tree makes ideal shade or partial shade for flower beds. Since it is a legume, it does not sap" the soil as other trees do. Not prepaid

SALINA-GROWN, 2-YEAR, TRANSPLANTED TREES Each Per 2 Per 4 3.00 5.80 11.00 3.85 7.50 14.40

Russian Olive (See Picture on Opposite Page)

Extremely hardy, drought resistant tree with striking silverygreen foliage. If trimmed up it makes a beautiful medium sized ornamental tree. Allowed to branch out next to the ground it makes excellent tall shrubs suitable for backgrounds, hedges or windbreaks. (See page 45 for seedlings). Not prepaid.

Sizes		Each Per 2 Per 4

4 to 5	ft	1.25 2.40 4.40
5 to 6	ft	. 1.50 2.90 5.40

Sycamore (Plane Tree)

opposite page). The Sycamore grows rapidly into a large, stately, perfectly-shaped tree with very light colored trunk and branches resembling those of a birch. In fact, the Sycamore is a good hardy substitute for the Birch. By planting three or four of these trees in one hole, a beautiful clump tree may be produced. The large, bright green leaves of the Sycamore add to its beauty. Its perfect shape as well as its dense shade and hardiness make it a valuable street, yard and park tree. Not prepaid.

SHADE AND ORNAMENTAL TREES

American Elm We like to think of this tree as typically "American." Stately, upright growing, yet spreading, hardy and long-lived. While it is not fast growing, if given good care, it will develop into a large tree in just a few years. It is native of Kansas and deserves to be planted more than it is. The American Elm is valuable for street, yard, park, farm and wood-lot planting. Not affected by freezes. Not Prepaid.

Purple-leaf Plum An unusually attractive dwarf tree with reddish-purple foliage all summer. Makes a spectacular contrast with Russian Olive. Unusually hardy and will grow anywhere. Not prepaid.

4 to 5 ft.....\$4.00 each; 2 for \$7.70; 4 for \$15.00

Red Leaf Peach TWO-PURPOSE TREE—A grand Ornamental. Produces Full Crop of Edible Peaches. Bright red foliage in spring, dulling to deep maroon toward fall. Deep rose blossoms against red foliage creates a most pleasing color combination. Produces full crop of perfectly round peaches just

right for picking. Hardier than standard varieties. Not prepaid.
4 to 5 ft. \$3.25 each; 2 for \$6.20; 4 for \$12.00.

Flowering Peach

(Pictured left). These dwarf trees are very ornamental and very showy with their bright scarlet flowers early in the spring before the leaves appear. Very hardy and do well anywhere. Rapid growing and often bloom a little the first year. Not prepaid.

4 to 5 ft. \$2.75 each; 2 for \$5.30; 4 for \$10.20.

Hackberry

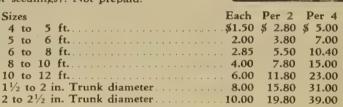

A native Kansas tree of proven hardiness. Very similar in shape, stateliness and rapidity of growth to the American Elm. The wood is very hard and strong. It is a long lived tree and is useful as a street, yard, park, farm and wood-lot tree. Extremely hardy. (See page 44 for seedlings). Not prepaid.

Silver Maple (Soft Maple)

Very popular and one of the fastest growing shade trees. It is hardy everywhere and is not injured by sudden freezes. Its foliage is resistant to diseases and insects. The Silver Maple will grow quickly into a large, beautiful stately shade tree. For quick shade and hardiness, it cannot be surpassed. (see page 44 for seedlings). Not prepaid.

Green Ash

A sturdy, strong and very hardy shade tree. The Green Ash is a very rapid-growing shade tree, even in hot, dry areas. Exceedingly hardy and drought-resistant, this fine tree deserves to be planted more than it is. See page 44 for seedlings. Not prepaid.

Crimson King Maple

Truly a King of the ornamental trees, it is distinctive, colorful and captivating. Far superior to any other red or purple Maple. Its foliage is a deep maroon-purple from the time it leafs out until the leaves fall. This rich color adds an exhilarating contrast to the prevalent greens. Fine for city planting since it is not harmed by smoke, gas or dust. It will live for many generations, becoming more attractive every year. Not prepaid.

Silver Poplar

A picturesque tree with leaves that are dark green on one side and silvery-white on the other. Strikingly ornamental and rapid growing. Round headed and not slender like the Lombardy Poplar. Sometimes incorrectly thought to be Silver Maple. Not Prepaid.

Sizes Each Per 2 Per 4 5 to 6 ft. \$2.80 \$5.40 \$10.60 6 to 8 ft. 3.85 7.50 14.40

Bald Cypress

This is an evergreen that actually sheds its leaves. It is the same tree that grows in the southern swamps, however, it is perfectly hardy in the great plains region. Its foliage is delicate and feathery and is a soft, bright, light green, turning a brilliant orange-brown before falling for the winter. Makes an excellent street tree since it does not compete with grass for shallow nutrients and water. Rarely affected by insects and diseases. Container grown specimens, not prepaid.

Lydick Cottonless Cottonwood

This is one of the best Cottonless Cottonwoods grown today, particularly from a lumber standpoint. Farm buildings built from this lumber 40 years ago are still standing and in good condition, the lumber having never warped or rotted. In some cases, the lumber was never painted. The lumber can be planed with or against the grain without chipping. In addition to being an excellent lumber tree, it makes a good long-lived shade tree, being more resistant to wind-damage than the common Cottonwood. You can make a nice profit from the waste land on your farm with the Lydick Cottonwood. Very hardy and easy to grow. Not prepaid.

SHADE TREE AND SHRUB SEEDLINGS

Protect your live stock, poultry, feed lots and your home, vegetable garden and orchard with properly placed windbreaks. The protection from the hot winds in summer and cold winds in winter will make your cows give more milk, your hens lay more eggs, your steers make better gains, your gardens and orchard produce better, your home easier to heat and the farm more pleasant and beautiful. They also protect your soil from wind and water erosion. Woodlots turn waste land into profitable land. Let us help you plan your windbreaks. We will be glad to assist in the arrangement and advise varieties. Also remember our seedlings are Salina-grown and therefore adapted to this region.

Prices listed below are postpaid except those printed in shaded area. Those printed in shaded area will be sent express or truck freight collect.

MULTIFLORA ROSE

Our state and federal conservation agencies are recommending this for a living fence or hedges and we recommend it very highly for the great plains region. It is also recommended for erosion control and wild life refuge. Multiflora rose has small thorns and makes a bushy hedge about 6 to 8 feet tall and almost as wide if not trimmed. White flowers in June followed by red fruits which birds like. Plant 12 to 18 inches apart.. Very hardy.

LAWN SEEDS AND GRASSES

the new U-3 GRASS

U-3 GRASS, developed by the United States Department of Agriculture, is something new and different in creeping grasses. In fact, it still bears its experimental number, U-3, instead of a name. U-3 is a Bermuda grass similar to Velvet grass in texture but far superior in color and every other respect.

The color of U-3 GRASS is a dark, rich, satisfying green lasting longer into the cold winter weather and appearing earlier in the spring than Velvet grass and common Bermuda. Mowing is not a problem with the low-creeping growth habit and fine texture of U-3 GRASS. Its thick, carpet-like turf eases the crabgrass and weed control problem so common to lawns in this area.

U-3 GRASS is sold by the square foot of sod. When planted according to instructions (furnished with each order), each square foot of sod will plant from 20 to 50 square feet of lawn area. Between June 1st and August 1st is the best time to plant. It should not be planted in the fall or before May 15th in the spring. Our supply is very limited. Order yours early to be sure it will be shipped at the proper time. CAUTION: U-3 GRASS does not produce seed. It can be started only from the sod or roots. We recommend U-3 GRASS for the sunny lawn area only.

PRICES:

Meyer Z-52 Zoysia

BUILD A PERMANENT LAWN THAT CRABGRASS AND WEEDS CAN'T RUIN . . . THAT KEEPS ITS RICH GREEN COLOR THROUGH HOT, DRY WEATHER.

The new, superior lawn grass, Meyer Z-52 Zoysia, makes a permanent lawn with a dense turf that chokes out crabgrass and weeds. It grows best in hottest weather, gives you a beautiful, deep green lawn when you want it most, during the hot summer months when usual grasses wilt and burn out. Meyer Z-52 Zoysia will not grow in dense shade; and it loses its color after heavy frost, regaining it again in the spring. It is easily overseeded with Merion Bluegrass for winter color.

Meyer Z-52 Zoysia is furnished as 1¾ inch plugs of sod. These plugs should be set out on 12 to 18 inch centers. Between June 1st and August 1st is the best time to plant. It should not be planted in the fall or before May 15th. If planted at the proper time, it will become established and start to spread this year and will cover completely next spring and summer.

Meyer Z-52 Zoysia cannot be grown from seed. It must be set out as actual plugs of sod. Simple planting instructions accompany each shipment.

PRICES:
Package of 10 plugs, Postpaid \$2.40

Merion Bluegrass

THE SENSATIONAL NEW SUPER BLUEGRASS

The new super Bluegrass that spreads rapidly into a handsome, wear-resistant sod. Its color is a deeper green than regular Bluegrass. New Merion Bluegrass forms a dense, compact turf that is resistant to heat, drought and most common lawn diseases. Since this turf is dense and compact, it requires less mowing than ordinary Bluegrass. It is more resistant to weed infestations, particularly crabgrass. It is adapted to full sun or partial shade. Merion Bluegrass goes about three times as far as Kentucky Bluegrass . . . one pound plants 500 to 700 square feet.

PRICE: \$3.00 PER POUND, ½ POUND, \$1.75, ¼ POUND, \$1.00, POSTPAID. (price subject to change without notice.)

Kentucky Bluegrass

This is high quality, weed-free, chaff-free, heavy seed with a high germination and purity test. In fact, it is the finest Kentucky Bluegrass seed available. Sow at the rate of 1 pound to 200 square feet.

For spring planting, Bluegrass should be planted as early as possible, beginning in the latter part of February. Write for

special prices on quantites of 50 pounds or more.

White Lawn Clover

For best results in this region, mix clover with bluegrass at the rate of one pound to five pounds of bluegrass. Such lawns are much easier to maintain, more resistant to the heat and white grubs.

Price: 1 pound for \$1.75. Postpaid. 5 pounds for 7.50. Postpaid.

Miracle Green

TREATED SUPER LAWN SEED

FOR SUN OR SHADE

Miracle Green Super Lawn Seed is tailor-made for the tough growing conditions found in the great plains region. It will grow in either sun or shade or in those "hard-to-grow" places. This is a scientifically prepared mixture of the hardiest grasses adapted to this part of the country.

In addition, this mixture is treated with MIRACLE GREEN, an organic compound which prevents decay, damping-off, seedling blight and root rots. These are the diseases which usually

cause poor stands of grass.

Miracle Green Super Lawn Seed, because of its superior quality, assures better performance and long lasting results. A Miracle Green lawn will do much to add to the enjoyment and comfort of your entire family. A smooth, thick, green carpet increases the beauty and enhances the value of all surrounding features of your home.

APPLES

Anoka

Red Delicious

Jonathan

Winesap

PRICES: For Sturdy, Healthy, Vigorous Apple Trees, 4 to 6 ft. high, in the FOLLOWING VARIETIES, especially adapted to our Great Plains Region. Not Prepaid. \$1.85 each; 5 for \$8.75; 10 for \$16.50.

ANOKA—(See picture to the left.) A wonderful new Summer Apple which often starts to bear the next year after planting. The fruit is red with yellow streaks, large and good flavor. Ripens in August. Very hardy.

RED DELICIOUS—(See picture to the left.) We consider this to be the finest of all red apples. The fruit is large, solid red and has a delicious flavor, unequaled by any other apple. It bears younger, keeps longer and the fruit colors up several weeks earlier than the common Delicious.

EARLY HARVEST—Well known yellow Summer apple. Ripens in July.

RED JONATHAN—(See picture to the left.) Same as the regular Jonathan except it colors earlier and has a richer color. Bright red, highest quality, crisp, tender, juicy and full of snap. You cannot beat it.

WHITNEY (Crabapple)—Medium size, striped red. Although classed as a Crabapple, it can be eaten raw, right off the tree, having an excellent flavor. Bears young and yearly with heavy crops. Very hardy and excellent for Kansas. Makes fine apple butter, jelly, sauce.

WINESAP—(See picture to the left.) Bears heavily, medium size, dark red, fine flavor. Fruit keeps until spring.

YELLOW DELICIOUS—Some consider this the best yellow apple. Fruit is large, juicy and high quality. Bears young and heavily.

YELLOW TRANSPARENT—Old favorite early Summer apple. Bears young and heavily. Ripens in July.

DWARF FRUIT TREES

DELCON APPLE—Produces full size dark red fruit much like the delicious apple, but without the knobs. A naturally dwarf variety. Flavor is a combination of its parents, Jonathan and Delicious. Developed, tested and approved in this area. Vigorous 3 to 5 ft. trees, not prepaid. \$2.25 each; 5 for \$10.50; 10 for \$20.00.

NORTH STAR CHERRY—Recommended by Kansas State College. The tree grows to be little more than 6 feet tall. Fruit is large, dark red and with a spightly flavor. Bears young and heavily. Self-pollenizing and very hardy—can be grown farther north than other varieties. Heavy 2 to 4 ft. trees, not prepaid. \$2.95 each; 5 for \$14.25; 10 for \$27.50.

DWARF BARTLETT PEAR—Dwarf form of the hardy and very popular Bartlett pear (see page 51). Healthy, strong 3 to 5 ft. trees, not prepaid. \$2.75 each; 5 for \$13.25; 10 for \$25.00.

APRICOTS

Apricots are worthy of a place in your yard, as an Ornamental Tree as well as a Fruit Tree.

For strong, vigorous, 4 to 6 ft. trees, not prepaid: \$2.50 each; 5 for \$12.25; 10 for \$23.50

SUPERB —Very large fruit, often 2 inches in diameter, and of excellent flavor. Very hardy and bears heavily. A wonderfully fine apricot.

MANCHURIAN—One of the greatest hardy fruit introductions in years. These Apricots are hardy even into the Dakotas. Medium size yellow fruit, producing heavily. Makes good quality sauce.

CHERRIES

Without a doubt, Cherries are the most satisfactory fruit for the Great Plains Region. No farm should be without several cherry trees, and there is room for a few in nearly every city back yard. The best varieties for this region are:

EARLY RICHMOND—(See picture to the right.) Fávorite early Cherry. First to get ripe (in May). Large, bright red, juicy and delicious. Can't be beat for fresh cherry pies.

4 to 6 ft., \$2.00 each; 5 for \$9.50; 10 for \$18.50. Not prepaid.

MONTMORENCY—(See picture to the right.) A sure bearer of large crops, ripening about ten days after Early Richmond. The fruit is large, flesh firm and fine flavor. Best of all for canning. Widely planted. 4 to 6 ft., \$2.00 each; 5 for \$9.50; 10 for \$18.50. Not prepaid.

ENGLISH MORELLO— (See picture to the right) Bears younger and heavier than any other cherry. The fruit is good size, almost black and sprightly acid. Ripens in July after the others have gone.

4 to 6 ft., \$2.00 each; 5 for \$9.50; 10 for \$18.50. Not prepaid.

Bartlett

Douglas

PEARS

In addition to being one of our most valuable fruit trees, their beautiful snowy white blossoms in combination with Red Bud trees (which bloom at the same time) make a color combination and landscape effect unexcelled. Most varieties, especially Kieffer, grow rather narrow and upright, giving a "Poplar" effect. Not prepaid.

Heavy, Sturdy, 4 to 6 ft. trees: \$2.15 each; 5 for \$10.00; 10 for \$18.50.

BARTLETT—(Pictured to the left.)
Large, yellow with blush. Juicy, sweet
and high quality. Leading summer
pear. (See Dwarf Bartlett Pear, page
50).

DOUGLAS—(Pictured to the left.) We consider this the best Pear for this region. The tree is vigorous, hardy and especially adapted here. It is a fall Pear

that bears heavily and often starts bearing the next year after planting. Fruit is large, yellow with blush.

KIEFFER—Widely planted winter Pear. The tree bears heavily, is very hardy, vigorous and grows upright. Sometimes is used in the landscape in place of slender Poplars.

PLUMS

VIGOROUS . . . KANSAS-GROWN. Big 4 to 6 ft. trees, \$2.15 each; 5 for \$10.00; 10 for \$18.50. Not prepaid.

Green Gage

GREEN GAGE—(Pictured above.) Sweetest eating and canning plum. Large, greenish yellow fruit. Heavy producer.

SAPA—(Pictured to the left.) A rich, glossy, dark purple plum, of fine flavor and extreme hardiness. Bears young and heavily.

Sapa

WANETA—Considered most famous of Hansen's hybrid plums. Fruit is large and bright red. Flesh is yellow, sweet and juicy, Bears young and regularly.

STANLEY—(Pictured to the right.)
A new prune-type plum that is rapidly becoming the most popular of all plums. Large dark blue prune-shaped fruits. The rich yellow flesh is firm, sweet and delicious. Ripens in September. Freestone.

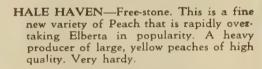

Stanley

PEACHES

Sturdy, Vigorous, Kansas-Grown. Big 4 to 6 ft. trees, \$1.80 each; 5 for \$8.50; 10 for \$16.00. Not prepaid.

POLLY—(Pictured to the right.)
Hardy, Delicious, Freestone,
Heavy bearer. Originated at the
Iowa Experiment Station and has
been thoroughly tested for many
years, standing as cold as 20 below zero. Flesh is white, juicy but
firm with rich flavor. Ripens a
few days before Elberta.

EARLY ELBERTA—Old standby, large, yellow, freestone, firm, juicy. High quality. Hardy tree.

J. H. HALE—Freestone, very large, yellow blushed red, with fuzzless skin. Flesh yellow, firm, juicy; high quality.

RED HAVEN—This new variety is rapidly becoming the leading real early yellow peach. The fruit is large and almost a solid red. The yellow flesh is firm, sweetly delicious, high quality. Freestone.

BELLE OF GEORGIA—(Pictured to the right.) Freestone. Very large, white with red cheek, flesh white and firm with excellent flavor. Excellent variety for Kansas.

GRAPES

THE BEST ALL-PURPOSE FRUIT

A small amount spent for our big, strong, 2-year Grape Vines will return your investment many times in the years to come. We have found the three varieties listed below to be the best for the Great Plains Region.

CONCORD—(Pictured above). STILL AMERICA'S FAVORITE GRAPE. Greatest of all grapes because every year it bears bumper crops of large, blue-black, juicy, deliciously flavored fruit. Postpaid: 50c each; 5 for \$2.00; 10 for \$3.50

FREDONIA—(Pictured to the right). This new variety ripens THREE WEEKS BEFORE CONCORD. Very hardy, vigorous and productive. Produces large bunches of big blue-black grapes of high quality and flavor. Postpaid: 50c each; 5 for \$2.00; 10 for \$3.50.

(Pictured above) FREDONIA GRAPE

NIAGARA—(Pictured to the left). Most popular white grape because it succeeds anywhere. Large compact bunches of delicious grapes. Postpaid: 50c each; 5 for \$2.00; 10 for \$3:50.

- ALL-SEASON -GRAPE ARBOR

5 Concord 5 Fredonia 5 Niagara All 15 for.....\$5.00

CURRANTS

RED LAKE—(Pictured to the left).

Long clusters, filled out to the tip with unusually large berries of superior quality. Clear light red in color. Postpaid: 50c each; 5 for \$2.00; 10 for \$3.50.

BLACKBERRIES

EARLY HARVEST—(Pictured to the right). Medium size, conical glossy black, tender and sweet. Hardy, vigorous plants. Matures crop before summer heat. POST-PAID. STRONG TRANSPLANT-ED PLANTS: 5 for \$2.25; 10 for \$4.25; 25 for \$10.00.

RASPBERRIES

INDIAN SUMMER — (Pictured above). THE NEW DOUBLE CROP RASPBERRY. The wonderful new everbearing Red Raspberry that bears both spring and fall. High quality and very productive. Large round conic berries. Postpaid: 5 for \$2.00; 10 for \$3.75: 25 for \$7.50.

CUMBERLAND—(Pictured to the right). Most popular black Raspberry. Strong 2-yr. transplanted plants. Not to be compared with light tip-plants usually sold. Postpaid: 5 for \$2.00; 10 for \$3.75; 25 for \$7.50.

GOOSEBERRIES

PIXWELL — (Pictured to the right.) A tremendous bearer of large, fine quality berries. Berries hang down making them easier to pick than other varieties. Bears the next year after planting. Very hardy. Postpaid: 85c each; 5 for \$4.00; 10 for \$7.50.

large, juicy STRAWBERRIES

TWENTIETH CENTURY EVERBEARING-Highly recommended by Experiment Stations in many states. It rates superior in size, quality and production. Makes a vigorous growth of good sized plants. Bright red berries of fine texture and excellent flavor. Often bears fruit within sixty days after planting until freezing weather. Postpaid Prices: 25 for \$3.00; 50 for \$5.00; 100 for \$9.00.

GIANT GEM EVERBEARING—This variety has proved itself to be one of the best EVERBEARING varieties for this section. We have tried many new everbearing introductions, but none were as good. Large, high quality, bright red berries, often starts bearing 90 days after planting. Postpaid Prices: 25 for \$1.50; 50 for \$2.50; 100 for \$4.50.

NEW ARMORE-(Annual or June-bearing). BIG is the word for New Armore. BIG berries. BIG harvests when other June bearers are through. Its proved more productive than over 200 other varieties. Hard to beat for flavor and sugar sweetness. Already a favorite with commercial growers. Bears late midseason. Postpaid Prices: 25 for \$1.00; 50 for \$1.50; 100 for \$2.50.

SENATOR DUNLAP-(Annual or June-bearing). In spite of new introductions, this grand old variety still remains hard to beat. Always bears bright red berries of a most delicious flavor. Postpaid Prices: 25 for \$1.00; 50 for \$1.50; 100 for \$2.50.

plant ASPARAGUS and RHUBARB

ASPARAGUS

Healthful, rich in minerals and vitamins, nonstarchy, alkaline and a wonderful tonic. Grows anywhere-plant it along the fence or behind the garage. You'll never regret it.

GENUINE GIANT MARY WASHINGTON-Over the years this variety has proved itself to be the best in every way. It is a rust-resisting variety, extremely tender and remains tender during the season. Large stalks can be cut for almost two months. Wonderful, delicious flavor. Heavy, 2-year plants, Postpaid: 10 for \$1.50; 25 for \$2.25; 50 for \$4.00; 100 for \$7.50.

Bermuda Onion Plants

CRYSTAL WAX WHITE-This is a large, pure white onion which is used almost entirely by commercial growers. It matures early, is very productive and is mild and sweet. Large Bunch, 30c. Postpaid.

RHUBARB (pie-plant)

Rhubarb is wholesome and healthful. Just the thing for those spring appetites. Imagine going to your own garden and cutting rhubarb for your pies and sauce. It is also very easy to can. Plant rhubarb this spring and enjoy this healthful vegetable.

GIANT VICTORIA-A standard variety that you can always depend upon to provide you with delicious sauce and pies early in the spring. Large red stalks, tender and crisp.

Postpaid Prices: Per 3 Per 5 Per 10 \$.90 \$1.25 \$2.00 Large Roots

CHIPMAN'S CANADA RED-A new variety with large stalks which are red throughout. Does not lose its color in cooking. Juicy, sweet and tender-needs no peeling. Very productive. Each Per 5 Per 10

RALPH B. RICKLEFS Landscape Architect and General Manager

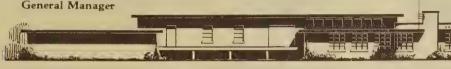

Our Thirty-Second Year...

In order to serve your gardening, landscaping and horticultural needs more efficiently, we have expanded our already modern building to include more modern storage, warehouse and packing facilities, making us now one of the leading Nurseries of the middle-west

In our personnel, and at your service, are four graduate landscape architects, numerous landscape gardeners, arborists, propagators and nurserymen. Our personnel have had many years of experience of growing and planting in our great plains region. We have learned from actual experience what will and what will not grow here. If we can help you in any manner regarding your problems concerning plants, plant diseases, insect control or landscaping your home grounds, do not hesitate to call on us either by phone or letter. We are in a position to handle your Horticultural needs from a small packet of seed to the largest landscape job.

RALPH B. RICKLEFS, JR. Landscape Architect and Assistant Manager

LANDSCAPE SERVICE

Again we are in a position to offer complete landscape planning service to our customers. Included in our personnel are four graduate Landscape Architects, qualified by special training and widespread experience to meet any of your problems in landscape planning or artistic designing. In over thirty years of landscape practice in the Great Plains Region, we have designed and drawn plans for hundreds of urban and rural home grounds, estates, special-purpose gardens, municipal parks, institutions, public building grounds, cemeteries, golf courses, residential and industrial subdivisions, etc.

NOTICE: ORDER EARLY! Unlike other commodities, Nursery products are ordered in advance. SEEDS WILL BE SHIPPED SEPARATELY FROM NURSERY STOCK. If your order is received before planting time, we acknowledge your order and remittance, and ship at proper planting time.

PLEASE DO NOT USE THIS ORDER ENVELOPE FOR CORRESPONDENCE

- PARCEL POST, EXPRESS AND FREIGHT Please note that most items in this catalog are delivered to you postpaid. Items that are too large to mail, such as Shade Trees and Evergreens, are shipped to you by express or freight (you pay the charges when you receive the stock). In some orders, there are items which are to mail along with some which are designated as postpaid. To avoid making two separate shipments, we will send the entire order by express or freight. Even though the charges usually do not amount to any more, we include some extra item of Nursery Stock to off-set what we would have paid for the postage.
- SHIPPING AT PROPER PLANTING TIME Different types of Nursery Stock and seeds are not shipped together (Balled and burlapped items cannot be packed with dormant stock). Depending upon your order, different items may reach you at different times; however, you may be sure the items of your order will reach you in time for planting, if you order before or at planting time. ORDER EARLY!

Contraction Commission of the Contraction of the Co	1. We guarantee our nursery stock to be true to name. If it proves otherwise we will replace it free or refund the amount of money you paid for it. 2. We guarantee our stock to be the quality represented and to reach you in good, live, growing condition. Examine it carefully upon arrival. If you are not satisfied, return it at once and we will replace it free or refund your money. 3. If, after reasonable care, cultivation and watering, our stock does not grow, we will replace it, the following season, at one-half price, provided we are notified before September 1, following the date of purchase, accompanying your notice with the one-half price remittance. Replacement of stock bought at special, bargain or sale prices will be at one-half regular catalog price. There is no replacement of annual and vegetable plants, potted plants and bare-rooted evergreens, grass seed or sod.	SALINA, KANS

Forsythia, Spring Glory

Flowering Quince and Forsythia

Flowering Quince and Forsythia, Spring Glory are two of the most popular, hardy early-flowering shrubs planted today. Flowering Quince, with its fiery red blossoms and Forsythia, Spring Glory with its golden yellow, BLOOM AT THE SAME TIME in the spring, producing a beautiful color contrast for your garden. For your convenience, we list both these shrubs in combinations of 2 and 6 in three sizes. See page 4 for complete descriptions. All are POSTPAID.

Pictured to the left. See page 5 for complete description, and larger sizes.

1 Smoke Tree 18-24 inches 1 Golden Rain Tree 18-24 inches Both for \$2.00

SPECIAL! Tuberous Begonias 7 BULBS MIXED\$1.00

TUBEROUS BEGONIAS

Very few flowers can equal the magnificent beauty of these big, double, Camellia-flowered Begonias. They make exquisite indoor plants that bloom over a long period of time. After they have been started indoors, Begonias may be set outside, after danger of frost.

There are few plants that will give you more color for that cool, shaded spot in your yard than Tuberous Begonias. A bed of them, with their broad attractive foliage and beautiful flowers, will be a beauty spot in your garden from spring until frost. Complete instructions for care and planting accompany each order. Postpaid.

Choose from the following 6 colors: PINK YELLOW SCARLET SALMON CRIMSON WHITE POSTPAID: 12 for \$1.85; 6 for \$1.00; 2 for 50c.
